Presidents of Denison

ALMOST a century ago, in 1830, when members of the Ohio Baptist Educational Society saw the need for a denominational institution in the state, the farm of one Simeon Allyn, located on the Columbus road a mile southwest of Granville, was selected as a favorable site and was purchased for \$3400. The farm house was enlarged, but before the work was completed a fire destroyed the structure. The trustees were undaunted by this severe setback, and very soon afterward men were at work rebuilding the college home.

To this humble setting came the Rev. John Pratt, the first president. Classes were begun on December 13, 1831, being accommodated in the unfinished Baptist church. Pratt is characterized in historical sketches as being of "rapid mental operations" and "able in languages." Thirty-seven students, from Granville and "abroad", composed the total enrollment. The following year, on February 2, the institution was incorporated as "Granville Literary and Theological Institution."

Mr. Pratt continued as president of the youthful school until 1837, when he resigned to become an instructor, the Rev. Jonathan Going, D. D., filling his vacancy. Dr. Going was a town man, well-liked, and of a generous personality. His death in 1844 left the school without a leader for two years. In 1845, the name "Granville College" was legally affixed, replacing the old title.

During the administration of the Rev. Silas Bailey, D.D., LL.D., which continued until 1852, 150 acres of land were sold and the trustees departed somewhat from the idea of a theological school. Dr. Bailey was foremost of the early presidents to press the need of a larger endowment. He was called from Granville to become president of Franklin College in Indiana.

The Rev. Jeremiah Hall accepted the call to the presidency in 1852, and three years later, with the completion of a magnificent new building on the present college hill, the institution was moved to town. A year later a change in name was made to Denison University, in honor of William S. Denison of Adamsville, donor of \$10,000.

Under the able leadership of the Rev. Samson Talbot, D.D., president from 1863 until his death in June, 1873, Denison's first real endowment was provided. Up until his work began, \$75,000 had been acquired and of that only \$35,000 had been spent during 32 years of existence.

The following four years, the Rev. E. Benjamin Andrews served as president, during which time Doane Hall, the present library, was given by W. H. Doane of Cincinnati.

In the term of the Rev. A. Owen, D.D., from 1879 to 1886, the university entered

into a period of distinct prosperity with an enlarged library of 12,000 volumes, good buildings, endowment of \$300,000, and a full faculty.

New buildings, a still greater endowment, and the consolidation of Shepherdson college with the university were achievements during the presidency of Dr. Galusha Anderson, 1887-1889, and of Dr. D. B. Purinton, 1890-1900.

Further addition of buildings and general enlargement were the features of the administration of the Rev. Emory W. Hunt, D.D., LL.D., now president of Bucknell, who worked untiringly for Denison the first twelve years of the new century. Cleveland Hall, Swasey Observatory, Doane Gymnasium, and Stone Hall were added, while the east and west men's dormitories were refitted, the basements of Doane and Talbot were rebuilt into laboratories, and walks, steps, and the plaza constructed. Dr. Hunt was a man among men, and was held in fine respect by the students.

Dr. Clark Wells Chamberlain, the next president, served from 1912 until 1925. Born on a small Ohio farm, educated at Doane Academy and Denison. Dr. Chamberlain came to be one of the great physicists of the time. He held the Chair of Physics at several large institutions before he was called back to his Alma Mater, where first he taught, then became treasurer, and finally president. The campus was enlarged, Deeds Field added, Swasey Chapel and Beaver and Sawyer Halls built during his tenure of office.

Although not a president, Bunyan Spencer, A.M., D.D., did such notable work for the school in the following two years, as acting president, that he has won for himself a warm spot in the hearts of true Denisonians. He stepped into, and filled acceptably, the gap between the Chamberlain and Shaw administrations, gaining the unqualified support of both students and faculty.

On February 1, 1927, Denison students and faculty were afforded the first privilege of seeing and hearing the man who was a few months later to assume the highest position in school affairs. In a splendid chapel address, Dr. Avery Albert Shaw committed himself in such a way as to win every student for him.

With the opening of school this fall, elaborate plans were made for the inauguration of Dr. Shaw as president of Denison. Besides homecoming alumni, representatives from the major colleges and universities were on hand for the procession and the program. In his masterful discourse on the "Christian College of Liberal Arts," Dr. Shaw outlined his program for Denison in the future, pledging his best. Later in the day, a pageant and dinner were outstanding events.

It cannot be said that Dr. Shaw's work lies in the future for he has already established himself as a leader and friend, a wise counsellor, and a Christian executive. His untiring work in leaving nothing undone vouches for the safety of Denison's future.

Dr. Avery A. Shaw

A Brief Biographical Sketch

DR. AVERY A. SHAW was born in Waterville, Nova Scotia, on October 2, 1870. He attended Acadia college of Nova Scotia and received his master's degree in 1896. Following a two-year course at Rochester Theological seminary, he became actively engaged in church work.

His first charge was the Baptist church of Windsor, Nova Scotia, but in 1900 he changed to the Brookline, Mass., Baptist church, where he served as pastor for four years. From 1907 to 1911, he was pastor of the First Baptist Church of Winnipeg, Canada, and the following year he accepted the pastorate of the East End Baptist Church of Cleveland, where he remained for four years. He accepted the call to the Emmanuel Baptist Church of Brooklyn, N. Y., in 1914, where he was pastor until he became president of Denison university in 1927.

A "college of liberal arts," Dr. Shaw states, "cannot compete with a graduate school, but there is a real future for the liberal arts college such as we are producing. Four years of liberal arts education is coming to be recognized as the best preparation and is being required by most professional schools.

"The Christian college of liberal arts," declares Dr. Shaw, "will be a self-governing miniature of the society for which education seeks to train our youth. Education is not training for life, it is life in training. Such a school as ours will be large enough to escape the dangers of intellectual snobbery and small enough for personal knowledge and intimate contacts among the students as well as between the students and the faculty. It will include young men and women from all classes in society who seek in its halls preparation for the common ways of life.

"The real problem of today," says Dr. Shaw, "is not 'these wild young people,' but these wild middle-aged people." Since he firmly believes that the future rests on the shoulders of youth, Dr. Shaw takes a far greater interest in his contact with the personal problems of the students than he does in his duties pertaining to the mere mechanical regulation of the university. "It isn't a question of our standardized curriculum," he declares, "but of the inspiration afforded by the institution." Not only does Dr. Shaw believe in "Greater Denison," but he has a new slogan of "Better Denison," and to that end he is directing his efforts.

Officers of The University

REV. CLARENCE EDDY

Secretary of the University

PROF. CLARENCE D. COONS

Business Manager

MR. E. E. HOPKINS

Treasurer

MR. DONALD R. FITCH

Registrar

DR. BUNYAN SPENCER
Dean of Granville College

MRS. CLARA T. BRUMBACK
Dean of Shepardson College

The Deans

DR. BUNYAN SPENCER has been actively connected with Denison for fifty-three years as student, professor, trustee and dean. Since 1902, Dr. Spencer has been a member of the faculty, working in the capacity of head of the philosophy department. Dean of Men in 1924, and during the years of 1925-27 acting-president.

Dr. Spencer is a graduate of Doan's Academy and was graduated from Denison in 1879 with highest honors. Following his graduation from the Chicago Divinity School, Dr. Spencer became pastor of the Hamilton Square Baptist church of San Francisco, Cal., at which time he was also professor of Greek at California college.

Dr. Spencer has not only watched Denison grow but has aided materially in its progress through the most important years of its existence. "Denison has always been interested in moral and religious education and development," states Dr. Spencer, "and with Denison it is not a question of Christianity or education, but that of Christianity and education of the highest type."

MRS. CLARA T. BRUMBACK first came to Denison as a member of the class of 1892, and following the completion of her course here she took post-graduate work at Columbia and Northwestern universities. She became principal of Shepardson College shortly after the death of her husband, Professor Arthur T. Brumback, who was head of the chemistry department until 1916, but later her title was changed to Dean of Women. In keeping with the constant growth of the school, Mrs. Brumback has endeavored to increase the responsibility and power of the Women's Student Government which has resulted in the development of that organization into its present day efficiency.

"The funniest incident which I recall," related Mrs. Brumback, "occurred one evening about ten-thirty, when I was returning to Burton Hall. I became aware of a scheming date under the trees, and I approached with much vexation and a certain amount of excitement. Suddenly the guilty pair jumped up and ran away laughing loudly, and I discovered that two boys had accomplished the purpose for which they had masqueraded."

JOHN BJELKE
Executive Secretary

The Alumni Society

THE Society of the Alumni is composed of graduates of the University. Former students of the Granville institutions, recipients of honorary degrees, members of the Board of Trustees, and members of the Faculty for at least three years, are received into membership upon payment of the annual dues. This society was founded June 28, 1859, with William P. Kerr, '45, the first president. Over 4,000 members are enrolled. Annual meetings are held in commencement week.

The Council was organized in 1921, and holds quarterly meetings. The Society maintains the Denison Alumni Bulletin, published monthly in Granville, during the college year, under the editorship of the Executive Secretary.

Denison Associations of the Society of the Alumni are to be found in New York, Chicago, Philadelphia, Baltimore, Washington, Pittsburgh, Detroit, Boston, Los Angeles, San Francisco, Denver, Rochester, N. Y., St. Louis, Charleston, W. Va., Wheeling, Parkersburg, and in larger units such as North Carolina, Florida, Japan, and West China. In Ohio, associations are found in Cleveland, Cincinnati, Toledo, Akron, Canton, Youngstown, Dayton, Norwalk, Mansfield, Lima, Middletown, Springfield, Columbus, and Newark. These are auxiliaries of the Society of the Alumni. It is through these organized local groups that the Executive Secretary keeps the alumni in touch with the college and with each other.

Before moving into a city where one's acquaintance is limited, graduates and undergraduates are urged to consult with the Secretary, who stands ready to introduce them to officers and members of the local groups who in turn will introduce them into circles which are congenial and helpful.

The alumni have launched and are carrying on to a successful termination a campaign for \$300,000 for the endowment of three professorships. Pledges for nearly all this sum have been secured and cash payments already received promise success for the project. This fund will be placed in the hands of the Board of Trustees in 1931, the centennial of Denison.

In Memoriam

C. Henry Dickerman, professor in journalism and English for eight years, died during the past summer in New Jersey. Mr. Dickerman was prominent in local literary circles, and exerted a forceful influence in the cultural arts. As organizer of Fourth Estate, sponsor of the Blue Moon Book Nook, founder of Denison journalism courses, coach of Masquers, and motivating spirit behind the reappearance of The Collegian, while fulfilling capably professorial obligations and advisory duties on the three major publications, he won a host of friends among faculty, students, and townspeople. Though no longer a campus figure, his accomplishments will long remain as a tribute to him.

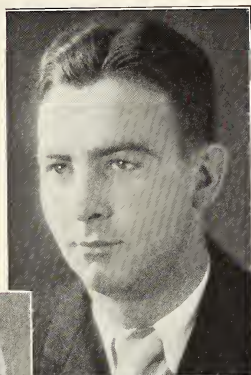

The Senior Class

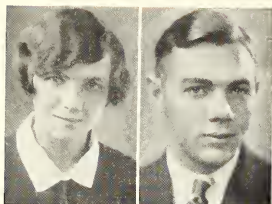

ORVILLE L. BEARDSLEY, *President*

ETHEL G. PIGGOT, *Vice-President*

EVELYN PEASE, *Secretary*

HOMER H. ASQUITH, *Treasurer*

BERTHA MARGARET ADAMS
Shepardson Club
Newton High School
House President (4); Biological Society (1, 2, 3, 4); W. A. A. (1, 2, 3, 4); "D. U." Association (3, 4); All Shepardson Hockey (1, 3, 4); All Shepardson Tennis (1, 2); Tennis (1, 2, 3, 4); Hockey (1, 2, 3, 4); Cosmopolitan Club (1, 2, 3, 4); Big Sister (3, 4).

RONALD WESTON ADAMS
A. C. C.
Newton High School
Adytum (3) Sales Manager; Biological Society (1, 2, 3, 4) Pres. (3); Interclass Speedball; Manager Baseball; "D" Association (4); Cosmopolitan Club (1, 2, 3, 4) Treas. (4).

JOHN B. AITCHISON

MR. ALTON S. BIGELOW

Selma, Cal.

Masters Degree in English

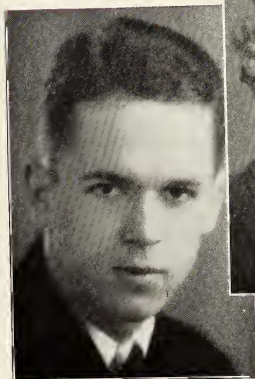

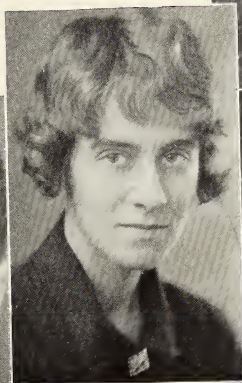

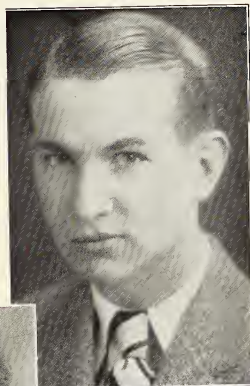

Senior Bench

The Junior Class

GEORGE W. HOWARD, JR., *President*
MARGARET L. WILLIAMS, *Vice-President*
VIRGINIA L. ARMSTRONG, *Secretary*
THEODORE G. LESLIE, *Treasurer*

HILDA ALBAUGH

Dayton, Ohio
Shepardson Club
Glucose phenylhydrazone.
did you say? Oh, yes, Hilda can tell you all about it! Furthermore, she has reached that enviable position in life where she gets a kick out of Chemistry Society's initiation. Since her pet ambition is to look experienced and worldly-wise, she regards her cherubic smile as a serious handicap. Confidentially, however, there are compensations!

SARAH AMOS

Cambridge, Ohio
Kappa Phi
A pianist, an archer, a comedian, et cetera. With her music, Sal could turn a roomful of Quakers into a bunch of Holy Rollers, with her "straight into the bull's eye" arrow-shooting. King Hall gives a sigh of relief; with her wit of speech and action, she makes you realize the fatal error of thinking that college is only a place to work.

VIRGINIA ARMSTRONG

London, Ohio
Phi Phi Phi
We've always been dubious about the old saying, "Precious articles are wrapped in small packages," but Jinny comes along and makes us believe it. Anyone with a voice like hers could make a fortune, yet we're inclined to think she'll prefer the placid repose of a home. Of Jinny's work in Junior Revue, someone said, "That sure was wicked warblin'."

BENTON BAKER

Johnstown, Ohio
Commons Club
Benton came to us two years ago, left last year for a semester, but the call of the Big Red was too strong, and now we find him enrolled again at Denison. Look for the dignified, quiet, but ever-pleasant looking fellow and you'll find Benton.

ARDEN BARBER

Johnstown, Ohio
It may be Johnstown to everyone else but it's the home town to Arden, which may account for his absence over the week-ends. Yet, when the home team takes a worthy foe into camp, Arden's ardor breaks forth and speaks volumes and we don't mean text books, either.

GERTRUDE ALLAN

Canton, Ohio
Shepardson Club
Of course, Gertrude believes that quiet hours are meant to be observed, and so she observes them—most of the time. But she clings faithfully to the epicurean philosophy: life is anything but monotonous to her. Evening often finds her in Stone Hall parlor aiding the less graceful to master the art of dancing.

WILLIAM AMOS

Cambridge, Ohio
Sigma Chi
Bill is one of the so-called suburban haired, Irish men of government. He hails from the hilly city of Cambridge, with a "guernsey line" of campus chatter. A Jaw Bone pin adorns his chest, showing his bent. He is sometimes seen in Newark, but most of his time is spent in attending classes and securing good grades.

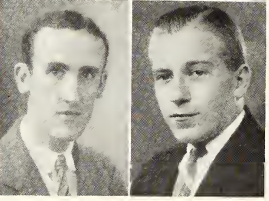

ALBERT R. BAKEMAN

Granville, Ohio
Commons Club
Al is from China, where he was instructed at a tender age in the arts of tennis. Following this line he has gone so far as to become a member of the "D" Association, the bane of the Freshmen. We look to Al for great things as tennis captain this spring.

EUGENIA BIBBY

Charleston, W. Va.
Theta Gamma Alpha
A very dignified young miss of diminutive stature, with a pair of wicked black eyes and a pair of twinkling French heels, is Gege. For all her soft Southern voice, she plays flirty, slangy, flapper parts with a vim that belies her erstwhile dignity. Gege thinks the night watchman is the university's greatest extravaganza.

CLYDE G. BARBER

Cleveland, Ohio
Clyde is a little man with big ideas. Publications seem to be "chicken" for C. G. He is on the art staff of the Flamingo and is circulation manager for the Denison Collegian. He also handled the advertising for the Denison Hand Book and was associate editor of the Student-Faculty Directory. Yet he hopes to become a landscape architect. Who knows?

LEE BEARDSHEAR
Dayton, Ohio

Sigma Chi

Lee is known as the late Mr. Beardshear, but despite his tardiness he's not so slow. In fact, he seems so have looked into the future and arranged for the furniture at least. But he's not a bad actor, having taken several leads in Masquers productions and coached the Junior Revue.

GEORGE BEVERLEY
Painesville, Ohio

Lambda Chi Alpha

In keeping with the country atmosphere of the Lambda farmers, George expects to become president of the Daisy men's League one of these days. In the meantime he reports the rural happenings for the Denisonian and toots his horn in the R. O. T. C. band.

NOVELLA BOOKSER
Buffalo, N. Y.

Shepardson Club

Novel her name and novel her aim! This young lady is headed for Wall Street, where we believe she will have an advantage over mere men. Besides knowing her economics, she is capable of handing out a mean line. Novella is an efficient little "go-getter" and—you can't keep a good woman down!

RUTH BROUGHTON

Granville, Ohio

Phi Phi Phi

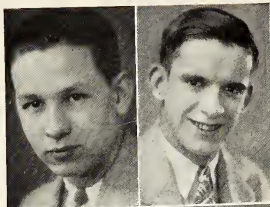

Another Junior Revue star comes prancing in. She is quite fond of Music—also Art—yet she is not only aesthetic, but also athletic. She can raise a racquet and swing a mean hockey stick. Remember the old saying about what laughter does to one? We have been rather amused the past summer.

LESTER BURBRIDGE

Chicago, Ill.

Commons Club

Les is an authority on Economics, if grades mean anything. He finds time, however, to participate in other activities around school, chief among which are Army, sports, writing, and a bit of "softy" now and then. Remember him as the Pope in the Inauguration Pageant?

LEROY BEVAN

E. Chicago, Ind.
Commons Club
Roy is one of Twenty-Nine's loyal boosters. He not only has served on several class committees and what not, with willingness and efficiency, but has turned out a lot of work for the Adytum on the side. And when he plays character parts in Masquers productions, they get across.

WAYNE BILLHEIMER

Wooster, Ohio

Commons Club

Bill is one of the Denison Engineers. From outward appearances it would seem that his profession takes up most of his time, but we're inclined to believe that Bill, in his quiet and unassuming way, may have more varied interests.

CHARLES M. BRELSFORD

East Cleveland, Ohio

Phi Gamma Delta

Student, radio fan and expert, president of the "Y", Chuck is one of the versatile men in Denison. He takes seriously everything he does, and gets results, as demonstrated in his campus activities. A real fellow, a big man on the campus, and an exceptional student, Chuck.

ROBERT BUCHANAN

Commons Club

Oak Park, Ill.

Think of Bob as Pep. Willingness, and Ability combined. He has taken a prominent part in all class and school activities since he entered Denison two and a half years ago. Bob is quite a political scientist, to say nothing of his ability as a debater.

MILDRED BURNS

Wilmette, Ill.

Alpha Tau Delta

The siren's shrill shriek for fire alarm wouldn't disturb Milly! Calmly along her way she goes, costuming the Masquers and designing their stage settings. Milly transferred her abode from Stone to the dwelling of the Garret Rats in Sawyer this year, in order to have a wider scope for her varied activities.

FLORENCE CHMELIK

Cleveland, Ohio
Shepherdson Club
"Batter out at first"—
and know Florence is strutting her stuff as crack first baseman on the class nine. Wherever she goes, Florence leaves behind her triumvirate of broad smiles, hearty greeting, and cheerful disposition. When she came to bat, in her college career, she hit a three-bagger and is still with us.

WILLIAM CLAPPER

Dayton, Ohio
Sigma Chi
When Bill was campaigning for the presidency of the Geological Society, his slogan was, "A firm foundation is needed for our society. Clapper will put her on the rocks." Needless to say, he was elected by a landslide and he has been digging away ever since.

HUGH O. COLEMAN

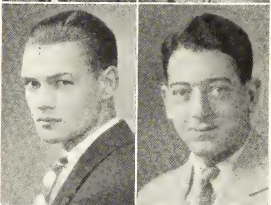

Latonia, Ky.
Commons Club
Dividing his time between Army and Engineering, Puky is kept busy, yet not too busy. He does considerable running on various class and intramural athletic teams. We shall always think of Pinky in connection with Monday afternoon drills.

PRESTON COOKE

Columbus, Ohio
Phi Delta Theta
The big business man from the west—Columbus—Dartmouth was too far east, but now the home town is too far west. He is seldom seen, but he's that old economist, especially at getting "ads" to pay for the part of this book no one else will.

MARY COWAN

Bedford, Ohio
Phi Phi Phi
When Mary isn't dating, she divides her time between Organic Chemistry and the Zo lab. She claims she's going to be a doctor, but we know she doesn't really mean that. With her good looks, clothes, and sunny disposition, she could make any man fall for her, even though the does appear to be an Alpha Thete girl.

MRS. CHIAO

Shanghai, China
Another transfer! But Mrs. Chiao certainly holds the record for long distance! After abandoning such a metropolitan center as Shanghai Baptist College, we feel proud to think that we have made such a loyal Denisonian out of her in the short time that she has been here.

ANN CLIFFORD

Cleveland Heights, Ohio
Theta Gamma Alpha
"A joke, a joke, my kingdom for a good joke!" But calm yourself; Ann can tell you several. And, perchance, if you already know a good one, Ann will heighten your enjoyment by laughing at your version of it. Western Reserve was very kind to spare us this comradely person.

SIDNEY COLLINS

Oak Park, Ill.
Phi Gamma Delta
Sid has been "Solt" on this "Jitney" proposition and we certainly believe he can't go wrong there. He's another exponent of Phi Gam pep and has been instrumental in helping the Fijis along in their intramural contests.

ARTHUR M. CORY

Jamestown, Ohio
Pi Kappa Epsilon
"Art" spends most of his time with his beloved paint brushes. He majors in English, and finds time to play a French horn in the band and orchestra. We figure he'll be either a commercial artist or a journalist, but he insists that he'll probably end up as a soap salesman or an airplane pilot.

HOWARD DANNER

Newark, Ohio
In Howard we have an excellent student, a fine fellow, and a good Denisonian. Quiet and conscientious, but always dependable when needed. Howard is a good exponent of REAL Denison democracy and loyalty.

HELEN DALLOW
Akron, Ohio

Sigma Delta Phi
Helen furnishes the inspiration for the campus sports who prefer "those splendid orbs of night". As far as Helen is concerned, Hat's are trumps. There are advantages to living in town, Helen!

WIATT DARROW
Granville, Ohio

"Goof" is Denison's Paul Whiteman, and he certainly puts out the music on any and all occasions like nobody's business. His recent work in the Junior Revue orchestra is deserving of special mention. We liked that cornet no end.

ROBERT DEWEY
Newark, Ohio

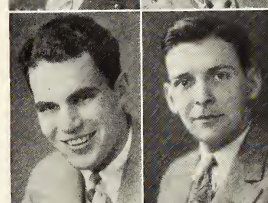

Sigma Chi
Bob is one of Denison's curly haired geologists who is seen frequently working at "Stone". He has a bunch of philosophical ideas about life which are always interesting, but that doesn't keep his nose out of a textbook.

ERLE ELLIS
Oak Park, Ill.

Beta Theta Pi
Erle started by promoting the Freshman class when he first came to Denison, and he's still promoting — Freshmen! Aside from those Adonis features, a wonderful voice, a talent for swimming, life guard in the girl's pool — really, we didn't mean to tell you that — he's worked on the year book and proved to be one helluva good fellow.

KENNETH ESTEY
Fairport, New York

Commons Club
Ken's consuming ambition is to enter Rochester to study for the ministry, and he is preparing himself for that line of work at Denison. Between gospel team trips, Ken finds time to play tennis and take some part in George Plat Knox activities.

KATHRYN DARROW
Granville, Ohio

Kappa Phi
A giggle, a vivid blush, a toss of brown curls, and enter Katy — the indispensable at basketball, hockey, and dancing. There's not a thing that Katy can't do, and her sole residence on campus has been at the gym, where she is the answer to a Freshman's prayer, "May I a graceful athlete be".

GRACE DAY
Lakewood, Ohio

Chi Psi Delta
The very essence of happiness is Grace as she goes dancing along her merry way. She makes us think of springtime, flowers, and Fiji porch-swings, as she is one of the followers of the great white star. If you want to see Heaven, just look in her eyes!

UEL E. DIBBLE
Pittsburgh, Pa.

Kappa Sigma
Pittsburgh may be smoky, but it's not foggy. Example: Dibble! He is a Zoology student, swims like a fish, and is a good football trainer. The big thing the boys hold against him is the fact that he makes excellent grades. He is a good fellow in spite of that.

HORACE ENGLISH
Dayton, Ohio

Beta Theta Pi
Dayton, a bad start Purdue, almost too late for Herpicide, and then Denison just in the nick of time. A three letter man is this prodigy from the capital of the world! And he really knows his football. Ask anyone who saw him play.

DOROTHY EXMAN
Blanchester, Ohio

Phi Phi Phi
Dot had us all worried for a while when she didn't come back first semester of last year, but she strayed back to the fold second semester, and we are all breathing easier again. For what would our track team be without Dot? She dates a lot, has a cheery personality and a Frank smile.

MARVIN FARBER

Stryker, Ohio
Commons Club
Farb is one-half of the B. A. A. Championship Handball Team. He spends his time between meals studying or playing handball, being equally proficient at either. He expects to coach high school teams in the near future, so we're looking for bigger and better athletics in Ohio soon!

A. MILTON FINLEY

Niles, Ohio
Alpha Theta Sigma
It can easily be seen—without looking—that "Mutt" is going to be a renowned chemist some day. He is also a bloomin' long distance trackster from whom we expect big things. Make sure of your convictions and follow them until you drop—seems to be his psychology of life. Incidentally "Mutt" goes down to Cincinnati every now and then.

THOMAS FOLSOM

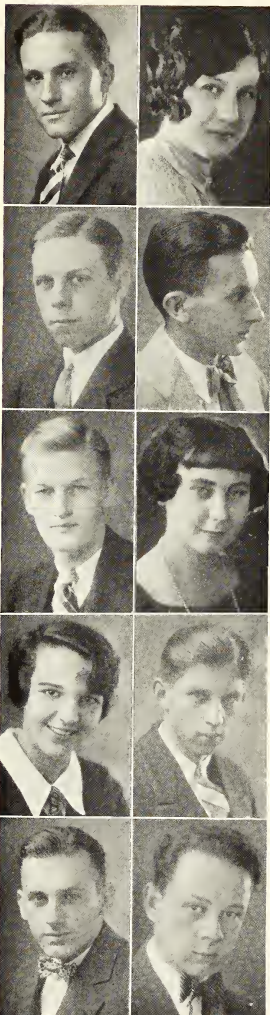

Dayton, Ohio
Phi Delta Theta
Our big, blond brute! He not only has the urge but the allure at well—even on the stage. And when it comes to singing, Tom can hit the old rock bottom. He's been in there fighting for '29—wearing a big football D—and we're counting on you next year, Big Boy.

MARY FOSTER

Chicago, Ill.
Kappa Phi
Whether bullets or lesser dangers caused Mary to seek the quiet of Denison after two years at Chicago University is a matter of speculation. Even now we hear her say, "Now at school—". Nevertheless, Mary certainly seems to enjoy it here, especially the sinister night life of "girls' dorms" after twelve.

RICHARD FREED

Dayton, Ohio
Phi Delta Theta
Little Ben had a tough break after the Miami game last year and has been forced to root for the Big Red from the stands, but his heart is with the boys in the mole skins. The class needs a few more like Dick.

JANET FALSTREAU
Cleveland Heights, Ohio
Phi Phi Phi

Would like to organize a "Cleveland club" here, but she's afraid the West Virginians would resent it, so her attention has been turned to writing a column for the Cleveland Plain Dealer of interesting events at Denison. Of course, she got her journalistic training reporting for the Denisonian.

WILLIAM FLACK, Jr.

Piqua, Ohio
Bill left us for a year at Ohio Wesleyan but we are glad to welcome him back to the college on the hill and hope he'll stay, for we like his congenial manner and find he is a good boy to know.

VIRGINIA FORSYTH

Newark, Ohio
Shy and quiet and charming is Virginia, so we think—and so does a certain man! Have you ever noticed her lovely complexion? The advertising manager of a certain well-known soap company is certainly missing the opportunity of a lifetime by not getting her to sign a testimonial.

VERNER I. FOX

Put-in-Bay, Ohio
Alpha Theta Sigma
Little can be said about Verne because he keeps his opinions to himself. Intramurals, studies, boosters, and Cleveland widows are his long suits. Put-in-Bay, however, is where the University mails his numerous A's. From the looks of things, business (whose, we don't know) will be his activity in the future.

CHARLES FUCHS

Newark, Ohio
Charlie knows his test tubes and gets A's on his tests with a regularity which bespeaks an agile mind and plenty of hard work. But for all that he finds time to play on the Unaffiliated teams and is doing great work in keeping the new club on its feet.

HAROLD FULTON

Newark, Ohio
For two years Harold commuted between Granville and the City of Opportunity, and we were unable to get next to him. However, he spends more time in Granville this year, and we find him a fellow that bears acquaintance as well as a good student.

JOHN GARWOOD

Dayton, Ohio
Phi Delta Theta
And when he smiles—well, you can see for yourself what happened—such an engaging smile! There is nothing like leaving one's mark in life, so John is wearing down that last seat in the Hut like—what is it they say about the footprints o' time?

HELEN GIBSON

Cambridge, Ohio
Sigma Delta Phi
Sweet without being saccharine, capable without being a drudge, beautiful without being vain, clever without being a bromide—that's a lot to say about one girl, but not too much for Gibby. She always has some important business on hand, but said business seldom affects her spontaneous gaiety.

MARY GIENGER

Newark, Ohio
Shepardson Club
Mary steps about the campus with a swing that bespeaks purpose. Law-abiding as she may seem, the skeleton in her closet has at last been revealed! Who would ever suspect that kind-hearted Mary had it in for poor, defenseless frogs and earthworms? Yet these poor creatures are at her mercy in Zo lab.

MARGARET GILCHRIST

Wilmette, Ill.
Kappa Phi
Peg is one of these people who can't help being brilliant even if she hasn't a single ear-mark of being a grind. Peg loves feeds and her cry should be, "Back to the good old Roman days!" Then, too, Peg is a staunch advocate of bigger and better week-ends at Buckeye Lake.

RUTH GARRETT

New Liberty, W. Va.
Sigma Delta Phi
Why isn't Ruth named "Miss Bluebird", when she has so many of the characteristics of a bluebird? She wears blue, though she is never blue; she has a chirky little tilt to her head, and is always flying about. Do the Irish favor bluebirds? Anyway, Ruth favors the Irish!

WILLIAM GEDDES

Newark, Ohio
Another Newark lad, one we see seldom, is Bill. In Bill we have a real student of the art of speaking in Spanish, though his major is in the Physics Department. We know from experience that he knows his Spanish Onions, as for Physics????????

JOHN GIBSON

Newark, Ohio
Sigma Chi
Hoot is our exponent of good humor not only on the campus but in the Junior Revue as well. He was assistant manager of the basketball team last year and will pilot the good ship Sig next year.

HAROLD M. GIFFIN

Granville, Ohio
Commons Club
Giffy is always on the job, be it at glee club or band rehearsals, basketball or speedball practice. He is the boy with the silvery tenor voice that so ably reached the "high ones" in the Junior Revue. He'll be a doctor some day, if he isn't sidetracked by the lures of the musical world.

VICTOR CLASCO

Loudonville, Ohio
Commons Club
Vic left us a year or so ago, but found the old Denison attraction too much and had to come back. Now he intends to stick with us until he graduates. Vic is an ardent supporter of the George Platt Knox Club, and is taking his major in the Christian Education department.

CONSTANCE GRAVES
Lexington, Mass.

Alpha Tau Delta
Connie is the girl from Boston, without whom our Junior Revue could not get along. She is almost a third of the Sheperdson Glee Club quartet, and how she can sing! You can always tell when Connie is around by her "Who catsh?" (That eastern accent!)

ARTHUR C. GREGORY

Union City, Pa.
Pi Kappa Epsilon
Art "splashes" a lot, and holds the school record for the back stroke as a result. His major is Geology, and he takes a number of Livy's courses as well. Art doesn't do so much aimless talking, but does some fine things for his friends. Incidentally, he has a lot of them!

TRACEY GROESBECK
Granville, Ohio
Commons Club

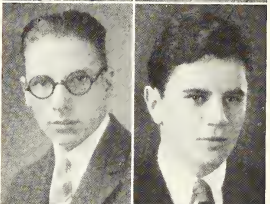

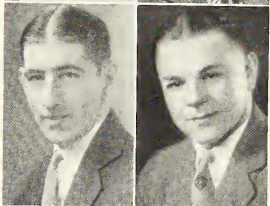

Swimmer, economist, authority on Alaska—that's Trace, but we usually think of him in connection with speedball. Trace is another of the Sem gang, and when not in action at that justly famous institution he can be found studying economics.

ROBERT GROVES

Columbus, Ohio
Sigma Alpha Epsilon
Bob spent his first year at State, but September of last year saw him in Denison, the place for a man of his good judgment. When in Granville he can generally be found at the Hut or the Sig Alpha House. Bob is another example of what the "well-dressed" man will wear this fall.

ALICE HAMANN

Newark, Ohio
Alice always gives us a little premonitory thrill of romance. The wanderlust is calling her to "where strange trails go down" and her gipsy spirit chafes at restraint. With her special skill in Spanish as preparation, some day we shall doubtless hear that she has traveled in her fascinating sister's footsteps.

LYOYD F. GREENFIELD
Edison, Ohio

Kappa Sigma
Lloyd is ambitious, to say the least. He majors in Economics, spends a lot of time in the Engineering department, and says he wants to finish at "Hah-vaad." He denies the persistent rumor that he is inclined to be soft.

MITCHELL GREGORY

Fayetteville, N. C.
Kappa Sigma
Mike takes the big things as well as the little ones lightly. Not content with having made All-Ohio in football for two seasons, he goes in for wrestling, breaking shot put records and other forms of light amusement including davenport hurdling.

DOUGLAS GROTH

Oak Park, Ill.
Phi Gamma Delta
Doug, in his three years here, has been something of a Florenz Ziegfeld, having written and directed the first Revue ever given by our class in Fresh year, and having directed our Soph Benefit last year very ably. A great lover of winter sports (outdoor variety) is Doug and a fine, though mighty quiet, fellow.

FLORENCE HALL

Each, Ohio
Chi Psi Delta
"Laws," who would have thought it? But perhaps that demure look isn't the half of it! Floss, however, is a very dependable young lady whom we have seldom known to be at a "loss" for something to do.

ETHEL HANBY

Thornville, Ohio
As the faithful monitor of doors and telephones at Stone Hall for two years, Ethel could spill more campus dirt than the night watchman himself! But rest assured, Stonies, your secrets are safe. Those of us who know her recognize in her one of the best of virtues—a good and faithful friend.

LUCY HANKINSON

Granville, Ohio
By the piles of books Lucy carries (sometimes she even has to come to school in a car!) we are led to believe that, alas! she is what few college students are—a student! She also makes life unsafe for the rest of us—she goes out for archery!

MARGARET HARTMAN

Youngstown, Ohio
Chi Psi Delta
She can dance! She can sing! She can do 'most anything! This combination of beauty and brains is too good to be true, and is one of the reasons why men like Granville. Purple is her favorite color, and she is now shining in the light of the great white star.

GEORGE HAYS

Urichsville, Ohio
Sigma Alpha Epsilon
A product of Urichsville, George has been with us for three years, majoring in Chem and Fordology. He can be seen most any day burning up the thoroughfares of our metropolis with his "Flaming Youth". A good sport, game for anything—that's George.

HENRY HENSON

Mt. Vernon, Mo.
Lambda Chi Alpha
Hank is one of the "show me" boys who can show others what it's all about. He's another of Denison's journalists as well as an able exponent of "Flamingo" humor. He's helped the Adytum along whenever he could and found time to write for the Newark Advocate between classes.

LOUISE HERLER

Toledo, Ohio
Shepardson Club
"Can she do the crawl or swim in any other way?" We'll say she can! In fact, nothing in the realm of the three B's (Barr, Badenoch and Boland) can faze her. She can even maintain her equanimity among the nautical grotesqueries of incipient mermaids. As for good sportsmanship—she has a tank full!

CARL HANDEL

Newark, Ohio
Pi Kappa Epsilon
When Carl isn't running an Indian camp, writing papers or giving lectures on Nature, teaching boxing classes, studying Geology, or playing night watchman, he fritters away his time by getting a few winks of sleep.

SHERLIE HAWK

Dover, Ohio
Phi Phi Phi
Sherlie is one of those dependable girls, always willing to be of assistance whenever she can. She is always ready with a smile to greet you, and can she cook! Well, just try one of her meals—she'll win any man's heart by that well-known route. Some day Sherlie expects to be a full-fledged teacher.

GEORGE HEATON

Louisville, Ky.
Phi Delta Theta
Upon leaving Denison, Doc expects to work to beat Hell—he's going to be a preacher. At present, he is dispensing gas and oil at the village gas station with one of the coveted keys dangling from his watch chain. Well, he always was good at spreading the oil, especially as captain of the debate team this year.

RUTH HERKNER

Cleveland Heights, Ohio
Phi Phi Phi
Another Ruth, charming, sensible, and jolly. Her smile beguiles every Tom, Dick (.), and Harry. This said that Colgate's advertising manager asked her for a testimonial for his next ad. Being a botanist, Ruth finds her favorite flower study in the "white rose". We have her to thank for some of that "keen steppin'" in the Junior Revue.

MIRIAM HILDRETH

Newark, Ohio
Shepardson Club
Brains and good looks and poise! that's Miriam. Her parents must have impressed upon her that "It is better to be seen than to be heard", but when once we had sampled her nut-bread, we added a new proverb to our list for college girls—"Lucky is she who has tasted it!"

ELIZABETH HINSLEA
Lakewood, Ohio
Sigma Delta Phi

It seems that the Great Lakes are not great enough for Betty; she needs the wide ocean, where the roaring waves voice the call of "Deep unto deep"; for she plans to sail next June. We don't think that Betty will be seriously affected, however, having survived several trips in her brother's Ford.

THELMA HORNER
Newark, Ohio
Theta Gamma Alpha

Jack is quite the gay deceiver, with her toas of red-gold curls and her curved red lips. Who would suspect her of being a math wizard? Or of rating A's in other subjects? So she does—perhaps it is because of her soft, sweet "ayes" or sweet, soft eyes.

JOSEPH HOWLAND
Granville, Ohio

Joe and his accordion are always welcome numbers on any benefit movie program. Personally we believe that he deserves A for the effort and willingness which sets him in a class by himself.

DOROTHY JAYCOX
Columbus, Ohio
Shepardson Club

We expect people from Columbus to be able to "sling good feeds," and Dot is no exception. The annals of the Biology Club reveal that without this able caterer its picnics would have been rather food-less affairs. Dot is a jolly good friend, and always looks as fresh and trim as springtime itself.

JUDITH JONES
East Northfield, Mass.
Kappa Phi

Judy comes from the far East, though she contradicts our former impression of New Englanders. Thoroughness is her watchword, whether it be in her allotted tasks or in the more frivolous matters of life, such as setting a campus ideal of slenderness. Judy is as original in her mischief as her illustrious predecessor in "Daddy Long-legs"!

IRIS HOLMES
Granville, Ohio
Shepardson Club

Red hair to the contrary, Iris has one of the sweetest dispositions among our co-eds. And, friends—well, if she tried to count them all, her hair would probably turn gray before she finished! She is so gay and generous and helpful, that her Case is easy to fathom!

GEORGE HOWARD, Jr.
Mt. Vernon, Ohio
Beta Theta Pi

Junior has kept the presidential horseshoe of the Junior class in good keeping, and is now looking forward to presiding over Wooglin Club for the coming year. A Phi Beta, a debater and all that sort of thing, yes, George did it.

BYRON D. HUGHES
Toledo, Ohio
Commons Club

If you see a little fellow walking around gazing into space, with a preoccupied look on his face, that's Barney, with his mind probably on someone in Columbus. Barney is a lover of track and swimming, but his one ambition is to have a church, a parsonage and—

HELEN JONES
Newark, Ohio
Theta Gamma Alpha

A nearby home isn't such a poor convenience, says Helen, but it certainly has other uses for week-ends than serving as a study-hall. Not that her grades suffer—she spends too much time at her study table for that. Still—do you suppose that lessons necessitate all the writing she does there?

LOIS JONES
Lakewood, Ohio
Sigma Delta Phi

Like Mark Twain's "jumping Frog," Lois has jumped her way into fame. Since our disillusionment in regard to perpetual motion, we have been led to seek the driving force of Jones's abundant energy in her wit and humor. We have heard, too, that Lois has recently taken to invoking the aid of the poetical muse.

RIO KASHIWAGI

Seattle, Wash.
Commons Club
Specialist in Fords and baseball—Rio. He is a prospective army officer, man of the world, or Ford dealer. You can always recognize Rio by his smile, which makes you feel right at home. We look to Rio for big things on the diamond this spring.

MAURINE KEMPER

Lost Creek, W. Va.
Phi Phi Phi
Although Kemp played the part of "Sorrow" in "Square Crooks" in real life she is exactly the opposite—the jolliest and most fun-loving person on campus. Yet Kemp intends to teach Latin down in Lost Creek! And sew? She makes clothes so well we call her the Needle-and-Thread girl from So-and-So.

WALTER KERBER

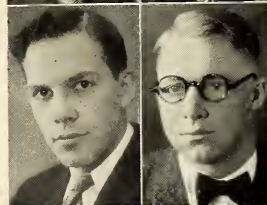

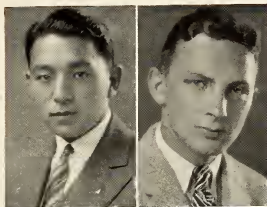

Sandusky, Ohio
Alpha Theta Sigma
Tony was once a loyal member of the bachelors' club, but of late he just can't seem to find the time to attend their meetings. Perhaps he got the idea of changing scenery at the Masquers productions where he learned how.

BERNARD C. KIRBY

Cadillac, Mich.
Commons Club
In Bery we have the student of sociology. He takes a great interest in debate and all things intellectual. Bery is always good for a "session," which probably accounts for his unusual knowledge of things modern.

FLORENCE KRAMER

Dayton, Ohio
Chi Psi Delta
Good sense and brains seasoned with an unfeeling humor make Florence so well-liked. Though practical the appreciates the aesthetic, and can be seen floating around the gym as gracefully as any nymph.

CALDER KEMPER

Parkersburg, W. Va.
Sigma Alpha Epsilon
Kemp has seen to it that the Bird had his feathers preened before each issue of the Flamingo. Lately, however, he has turned to politics. Besides being president of the Student Government, he has an activity list and a telephone list like nobody's business.

DOLORES KENNEY

Beavrus, Ohio
Theta Gamma Alpha
It was only the first of February when Dal moved from her town home into Beaver Hall. She packed her fur coat, infectious giggle, and mischievous eyes, and brought them all along for the enlivenment of dormitory life. Dal, we are told, has two great weaknesses—chocolate fudge and blonde men.

CAROL JOY KING

Mountain View, Okla.
Alpha Tau Delta
Carol Joy does carol joy wherever she goes. We wonder how she accomplishes her secretarial duties so well using her left hand, but that just goes to prove her individuality. Some say the reason she spends so much of her time at Chemistry cottage is because of its proximity to the "Club on the Hill."

ANDREW KISTEMAKER

Cleveland, Ohio
Beta Theta Pi
Have you heard of Goldie Locks and the three Betas? Well, Kisty is one of the trio. He seems too good natured to be dratted on the gridiron, but the way he stopped 'em last fall, he must forget that he ever went to Sunday school when the Big Red swings into action.

LUELLA LAYTON

Dayton, Ohio
Shepardson Club
Since Miss Campbell issued a daily warning for the girls dwelling over the hospital to "put on the soft pedal", Luella has been musically inclined. When she is not teaching violin or piano, or leading the high school orchestra and glee club, she is practicing with the college glee club and orchestra.

HARTLEY LAYCOCK
Chicago, Ill.

Phi Gamma Delta
Hart is known as the Bryan of the campus, but for all that he's president of Fourth Estate and would have made his basketball letter this season but for a tough break. And he's so good-looking that he even found that half dollar we lost the other day.

THEODORE G. LESLIE
Granville, Ohio

Kappa Sigma
When we think of Ted, we think of a managership of some sort, and vice versa. He handled this year's Adytum very neatly, and has found time to serve efficiently on several important projects. He majors in Engineering, and does not choose to be soft in 1928.

LESTER LIVINGSTON
Indianapolis, Ind.

Beta Theta Pi
Nothing disturbs the calm serenity of this big Beta. On the stage he has the easy grace and poise of the finished actor. He was at his best in "Square Crooks", but as a producer, he made the Junior Revue a success. No one knows he's a student but they do know he can sing and we all chime in on the chorus—Roll, Jordan (Sedan job), Roll.

GERALDINE LONGWELL
Newton Centre, Mass.

Shepardson Club
Wherever there is action, Jerry's in the midst of it, even unto pitching for her class nine. After she came West to live in East (cottage). A year of intimate association with the school hospital cured her of most of her previous medical ambitions, so now she brandishes a pen.

ELEANOR McCANN
Dayton, Ohio

Chi Psi Delta
Interestingly different, always buoyant and ready to sympathize with her more sorrowful sisters, we find El a true friend at all times. She looks for the highest and best in everything and everyone, making us discover qualities we never knew we had. A real thoroughbred!

LUELLA LAYTON

Dayton, Ohio
Shepardson Club
Musical terms have formed a part of Luella's vocabulary all her life even to the time when Miss Campbell suggested the use of the soft pedal on her after ten chatter in East Cottage. Now, however, she spends most of her time at the Conservatory next door.

WILBER LEWIS

Newark, Ohio
Sigma Chi
Today is another loyal Sig. "Pass the Mail Punch, please." The fact that he hails from Newark doesn't cramp his style. Not only is he a member of the D Association, but he is vitally interested in the Political Science department of the school so there is no telling what he may become.

ETHEL LLEWELLYN

Wheaton, Ill.
Shepardson Club
Ethel can juggle numbers until she has proved that twenty-five equals fifty. Inasmuch as she completes the Woodford-Stewart-Llewellyn triangle, she naturally has the A-getting complex. And she has hiked so much that she can call every blade of grass within a three-mile radius from Granville by name!

RUTH LUNSFORD

Cincinnati, Ohio
Did you say music? Ruth is ready to do almost anything on a piano except murder either a classic or a rag. That so much talent should be the privilege of one person hardly seems fair, but Ruth is forgivable for she is always ready to share her music with us.

KATHERINE MCCOY

Newark, Ohio
Phi Phi Phi
Kitty and her "bow" are seldom separated, and like her violin, she is always in tune with the world in general. Little wonder that she loves society, indeed, society loves Kitty and demands a generous portion of her leisure hours. She took her place with the faculty in summer school last year.

UCILE McCUNE

Toledo, Ohio
Alpha Tau Delta
Buddy is a good girl to know, and everybody and his uncle does know her. Buddy is one of the geniuses who can play any piece any time, even if they have heard it only once. One has only to hear her to be convinced that she is one of the original Harmony Sisters.

ELIZABETH MASON

Hermine, Pa.
Phi Phi Phi
Betty was just getting a good start in Y. W. as head of the Vocational Guidance Committee, when she left us for Pitt, to study medicine. But she only smiles and says "My office hours will be from two to four. Come and see me some time."

MARIE MAUNUS

Ashtabula, Ohio
Phi Phi Phi
Mauny is one of the reasons why men don't prefer blondes—she is every inch vivacity, poise and capability. In athletics, Mauny is one of the few girls who can make the Harvard basketball team. She has two D's—the other kind that most of us would like to have.

WARD S. MILLER

Poland, N. Y.
Commons Club
Ward is a real student, a fine fellow, and a good sport. He can be seen any morning at 7:25½ hanging out the "Late" signs at the Sem, despite protests of tardy co-eds. Ward expects to be a minister, and has his thoughts concentrated on his calling already.

IRWIN NEFF

Birmingham, Mich.
There is little doubt but that Turkey knows more students on the campus by their first names than any other Denison man. And he deserves a word of credit for his success in founding the Unaffiliated Club. Turk is a member of the D Association and another loyal class worker, caring for the Junior Revue stage properties.

MARTHA MARKLE

Chicago, Ill.
Shepardson Club
Martha is a neat little model, lots of fun to dance with, and not at all hard to look at. She's a gentle, home-loving soul, but what will-power! Wild rumors are afloat concerning her prowess as a cook, but they reached us too late for verification in the most satisfactory way.

SAMUEL MATHEWS

Hubbard, Ohio
Lambde Chi Delpha
Sammy is successful—even in love, since he married his boyhood sweetheart last summer. Sam looks good in anything he wears, including a baseball suit, and he's not slow at the diamond sport! Sammy leaves for medical school next year.

THELMA MILEY

Granville, Ohio
Shepardson Club
Thelma Smiley believes math is child's play, and should not be allowed to interfere with the joyful business of living. "Sleep, think, and be merry, for tomorrow we'll do the same thing all over again," says Thelma. An ever-present grin does not preclude a calculating eye in archery, either.

BURTON MUST

Dayton, Ohio
Phi Delta Theta
He just had to come to Denison because that nose didn't set him off well at Miami. And can he dance!—well, they gave him flowers for the effort. A pre-med student, so when at death's door just call Must—he'll pull you through.

EUNICE NICHOLS

Bedford, Ohio
Shepardson Club
Eunice is our idea of a perfect response to that seven o'clock reveille. Not that she is noisy—only she has achieved the unattainable. She always gets up for breakfast! She is surpassed in the confectionery line only by such famous people as the makers of Martha Washington candies.

CORRADINO NICOLAZO
Kronsha, Wis.
Commons Club

Wrestler, tennis player, good sport—in a few words that's Nick. Always agreeable and ready for a "time", Nick is the Junior who professes a hankering for the engineering profession. Here's an engineer to watch!

WALTON OSMER
Dayton, Ohio
Sigma Chi

Walt is a Phi Bete, a member of Jaw Bones, helper in the Junior Review, a member of Tau Kappa Alpha, a tennis player, a member of the Geological Society, a wrazer of the Freshman Phi, as well as the assistant women's debate coach. But as for petty matters, Ossie is rather plastic.

GEORGE OXLEY
Newark, Ohio
Phi Delta Theta

All A's, football D, homicide with the women. Yes, Newark was a big handicap, but with natural dependability he overcame that. Yet, George, the beck and call of those Geology trips!

JOHN OWEN
Granville, Ohio
Beta Theta Pi

It's hard to say the right thing at the right time, but Burr must have done just that—"and when we get that Chem cottage!"—just another break in favor of this year's basketball captain as well as Livy's best bet in the half-mile and a one-ankled grinder who knows how to fight.

EDITH PAGE
Newton Center, Mass.
Shepardson Club

From China has come to China with this, this determined one who invigiles more than her share of A's from the professors. Occasionally she writes impressionate bits of poetry and description. Edith is short, you know, not big enough to be called "Page", so we make it "Paragraph".

VIRGINIA NYE
Newark, Ohio
Chi Psi Delta

A girl who knows how! Democratic in her own sweet way, we can't help liking her. Tennis was her favorite out-door sport, but her interest has lagged somewhat of late. Perhaps corresponding takes too much of her time? ?

RAY OTTO
Dayton, Ohio
Phi Gamma Delta

Ray's dad sent his son to college and got a "quarter-back". Ray's specialty was running back punts and slipping around the ends for long gains with the pigskin. He is also a clever basketball player and saw action in some fast games this season.

RUTH OXREIDER
Khargpur Bengal, India

Another missionary kid—and oh! what a kid! Ruth may appear demure and pensive on the surface, but beware! what can't a smooth surface hide! Her one passion is Shakespeare—anywhere from eleven to three on a Sunday night before a quiz!

WILSON OWEN
Berea, Ohio
Lambda Chi Delta

Bill isn't seen much at the local sem, but you should see his Studebaker roadster draw up to a certain cottage over at Delaware. Bill is a collector of old muskets and "knows his guns". He also owns a large collection of pipes and is talented as a decorator.

SARAH PARKS
Minonk, Ill.
Shepardson Club

S. P-a-r-k-s spells "Sparks". Sarah's apt nickname. "Sparks" personality is of the live-wire variety that should go with her sobriquet. A goodly bit of gray matter lies hidden under her neat and shining coiffeure, but in spite of her aristocratic head-dress, Sparks is no intellectual snob.

HELEN PERKINSON
Dayton, Ohio

Sigma Delta Phi
After investigating the merits of several schools, Perky found that Denison was the place for her. Perky's temperament par-takes of the Irish, as evidenced by her display of blarney on debates, and of Irish brogue in Masquers productions. If ever a woman should be appointed as an international diplomat, Perky would qualify for the job.

JANET PIERCE

Howell, Mich.
Shepardson Club
Sugar and spice, and everything nice, is what little Janet is made of. More than a few about campus will testify to that fact. Her tumbled curls and blue eyes have lent added attraction to Denison these few years. She conclusively refutes the adage that you can't please everyone.

MARY PIGMAN
Coshocton, Ohio

Are you in trouble or down about everything? Just drop in to see "Pig-man" and you will feel better immediately. And as for debating! Just you watch out or first thing you know, you'll be convinced that quarantines for scarlet fever are the only rest for a poor college girl!

CLIFTON POTTER
Newark, Ohio

Another Newark entry, only this time it's a blond. Cliff is a whiz at math, and besides that he knocks down A's in most of his courses. His greeting is always the same, rain or shine, so we are always glad to meet him.

MARIAN REED

Toledo, Ohio
Phi Phi Phi
"Abundant energy and sparkling vitality are more important than raincoat and goloshes," says Marny. Search where you wish, and you'll not find a person more interested in athletics. In fact, she is a W. A. A. standby. Besides all this, she is an ardent worker in Y. W., and can she cook? I'll say.

OWEN PHILLIPS

Sharon, Pa.
Phi Gamma Delta
Shrimp is Denison's exponent of pep and vociferous yells of reckless abandon. When he drops the megaphone and starts his contortions, the crowd sends a big "Skroocket" crashing into the opposite stands or fills the Wigwam with noise.

MARIAN PIERSON
Granville, Ohio

Kappa Phi
"A Junior—such brilliance in one so young!" is all we can exclaim when we behold this diminutive lass. And Pierson does manage to carry the most awful schedule of all—fall of Political Science and the like. Yet, we find that things are as "peachy" as they were last year.

JOHN POSEGATE
Springfield, Ill.

John goes about in his quiet way performing his tasks without a lot of attendant blab. He is always helping out in class affairs and has been invaluable in running down necessary information for the year book. Then, too, he is helping the Unaffiliated Club to get under way.

ANN PRICE
Granville, Ohio

This is the lady of whom we stand in awe—for differentials and infinitesimals mean little more in her young life than the insignificant X's and Y's of high-school algebra mean to us. However, these same differentials have considerably more meaning after she has edited our math papers with her judicial blue pencil!

MARJORIE REED

Springfield, Ohio
Sigma Delta Phi
When Marge appears on the scene, old Mr. Trouble runs around the corner in dismay. Say, Marge, did your musical knowledge help you to appreciate Arabic concerts last summer? And is it your knowledge of rhythm that makes you appreciate Latin poetry?

MARGARET
RHODEHAMEL
Cleveland, Ohio
Chi Psi Delta

A pal to all, a foe of none, and just take a look at all she's done! The Denison spirit incarnate is Margie, with her ready smile and "Hi, there!" that makes us feel like a million. She is the reason why proctors get gray on the top floor of Beaver.

GRETA RICKETT
Granville, Ohio

Greta is even more elusive than the average Shepardon woman and just a chapter or so ahead of her sister Sophomores. Somehow she strayed into the Junior section all unbeknown to ye editor and made a place for herself.

ESTHER ROGERS
Newark, Ohio

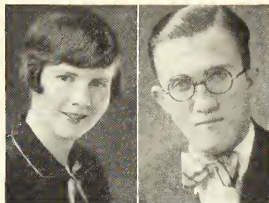

Ask Esther anything about English literature, and you will surely get the right answer. In fact, ask her about anything, and she'll be able to give you some good pointers on the subject. After leaving us for awhile, she has returned this year to add a few more A's to her already long list.

J. GORDON ROSE
Cleveland Heights, Ohio
Kappa Sigma

"Little Joe," diminutive (1) football tackle, majors in Economics, and will be a big business man. Just offhand, we'd say it would go hard with anyone who tried to give him a raw deal. We've discovered, though, that Joe's heart is built in proportion to the rest of his physique and has won for him a lot of friends.

WILLIAM RUSSELL
Toledo, Ohio

Sigma Alpha Epsilon
You can't tell Bill a thing about red heads! He's wise to that type. Red covered himself with mud and glory on the gridiron last fall, and incidentally helped the Green Friars put on a successful serenade one dark, dark night.

DOYLE RICE
Granville, Ohio

Si, though a student at Denison, has pledged his allegiance elsewhere. Some time ago, he took unto himself a better-half, and now finds little time for "extra-curricular" activities. However, he is one of the members of our band.

JEANETTE RIPLEY
Denver, Colo.

Sigma Delta Phi
From the far west came Jeanette, came she from old Colorado. Rough though the reputation of the west may be, Jeanette doesn't uphold it in the least. She is gentle and quiet, but not too quiet to be a valuable asset when table-talk lags in the Sem.

HELEN ROGERS
Hillsboro, Ohio

Chi Psi Delta
Always on top of the world she makes us feel high just to be near her. One reason why so many people are hearing of Denison—we all know her "Is she my girl friend? How-de-dow-dow!" What's all this we hear about terrible battles out at the Kappa Sig house? Have a heart, Helen! Give the boys a chance!

FLORENCE ROWLAND
Johnstown, Pa.
Shepardson Club

Florence's motto is, "Be good and you will be happy." We were rather awed by her famous record of church attendance, but a wind-blown bob and a never-failing flow of good spirits remove all suspicions of sanctimoniousness! We recommend her rollicking disposition as an antidote for all the ills that came out of Pandora's box.

DOROTHY SALKELD
Painesville, Ohio
Theta Gamma Alpha

Enter the efficiency expert! Whenever a practical person is needed for any occasion, Dot fills the bill. We always know where to find a copy of the latest "Book-of-the-month." Just one grievance has Dot—no matter how often she makes fudge, her suitmates see that it never lasts overnight.

HELEN SCARRITT

River Forest, Ill.
Kappa Phi
Helen got her start by rooting for Denison and '29 in her Freshman year, during the course of a very turbulent sojourn at North cottage. She's never lost her Denison spirit, and we understand that she has been a great personal asset to the advertising department of the college this year.

GILBERT SCHMITZ

Granville, Ohio
Lambda Chi Alpha
Gil spent last year as an engineer in Florida but returned to resume his studies. When it comes to planning parties and thinking up original ideas the Lam Chi boys call on Gil. He's a "shavetail" in the R. O. T. C., and a good student in engineering and mechanics.

IRENE SENTIVANY

Zanesville, Ohio
Irene hopes some day to realize her stage ambition for she is interested both in dramatics and in the lecture platform. If we only had the number of lengthy words at our command that Irene does!

EARLE SEIDNER

Wauseon, Ohio
Lambda Chi Alpha
Sid, long characterized as the "suave wearer of the mustache", has taken prominent roles in Masquers plays. His baritone voice won him a place on the glee club this year and he has been one of the leading debaters. When his executive duties aren't too urgent he may be found around Stone Hall.

HUGH SMITH

Granville, Ohio
Smitty is one-half of Denison's justly famous Independent Handball team, among the best in school. He is, incidentally, the proud owner and sole engineer of a mighty chariot which brings him to and takes him from us every day. We think he's in love—Need we e-Lucy-date?

PAUL SCHALLER

Monclova, Ohio
Pi Kappa Epsilon
Paul is Denison's "longest" bet for a basketball center, and he plays football as well. It isn't his fault that he is tall and has dark wavy hair, but it IS tough on his fraternity brothers who would like to see him occasionally. Physics is his major, although Physical Ed is running a close second.

JEAN SEIDEL

Bedford, Ohio
Chi Psi Delta
A good stick, straightforward and clear, true-blue through and through, are some of the reasons why we like and depend on Jean so much. She's an immaculate house-keeper, and Mrs. Biggs couldn't find a speck of dust in her room even with a microscope.

CORA FRANCES SHIRK

Granville, Ohio
Alpha Tau Delta
"C. F." is one of the brunettes who show up the blondes. Snappy brown eyes, curly dark hair, friendly gay smile, her only care is the mail from Wisconsin. Her hobby is aesthetic dancing, and she is the secretary of Orchestr, the newly organized dancing club.

FRED SIMMONS

Johnstown, Ohio
Commons Club
Here we have Denison's student candidate for a seat in the State Senate. Fred majors in tree surgery, army and politics. Here's hoping we're represented at Columbus in the near future. Always ready to offer assistance—Fred.

MILDRED SMITH

Trinaway, Ohio
Phi Phi Phi
"Smitty" certainly put one over on us about a year ago, when she dashed off and came back as Mrs. Robert Neuirth. Aside from the fact that she spends most of her week-ends in Akron, she still manages to study and play baseball.

REED SMITH
Oreanta, N. Y.
Phi Delta Theta
Behold ye editor himself. He's had to buy two new ribbons for his roommate's typewriter already and is still going strong. He has been active in journalism for three years, being associate editor on the Denisonian and Flamingo this year.

STANTON SMITH
Worcester, Mass.
Phi Delta Theta
If you desire a good argument on anything whatever, page Stan. He'll take either side and stay with it through thick and thick. And does he like Geology trips or no? Well, he couldn't help it if a total stranger thought he was on his honeymoon.

EMLY SPENCER
Newark, Ohio
Kappa Phi
Brains, beauty and dramatic talent produce in Emily a combination that is rarely found. Although she has never participated herself, we are safe in saying that basketball is her favorite sport.

ERNESTINE STANFORD
Rock Island, Ill.
Shepardson Club
Have you noticed any particular chic dresses on the campus? In all probability, they are children of Ernie's brain and fingers, for she weids more than a little power in the regulation of campus styles. Though shears may be her most useful tools, she has refrained from using them on her brown tresses.

ROBERT STEPHENS
Troy, Ohio
Beta Theta Pi
If ever a maiden prayed, here's the answer—"now wasn't that nice of Santa to bring me you?" Bob isn't one of the kind who say "let George do it" whenever '29 needed a hand. Bob took charge. Activities by the yard, in the yard, etc.

SARAH NELL SMITH
Cleveland, Ohio
Sigma Delta Phi
Sally is an athletic girl who looks feminine. She intrigues us with her vivacity, good looks and kind heart. The frivolities usually incident to a pleasant college life do not prevent her from participating in various worthwhile activities. Perhaps she acquired her gay camaraderie from her freshman days at Marlow.

NAOMI SMITHMAN
West Milton, Ohio
Alpha Tau Delta
Naomi is the best living example of a "good sport" that we have ever met. She is the proud wearer of the little, ugly, gold mask which indicates she has histrionic ability, and besides that, she's a budding musician if there ever was one.

HARLING SPRING
Marion, Ohio
Commons Club
When Harling can't be found in his room, call the Conservatory—almost invariably you'll find him there. One hardly sees him without his violin under one arm and his books under the other. He is one of our musicians and it is said that his ambition is to teach music after graduation.

WENDELL P. STANFORD
Rock Island, Ill.
Commons Club
"Happy" is another candidate for the ministry, and it is quite evident that he is on his way to success in that calling. Though we see very little of Happy, we understand that he is a real student, and we know he is a mighty fine fellow. Good luck, Happy!

RUTH STERLING
Martins Ferry, Ohio
Shepardson Club
Ruthie not only starts things, but carries them through. Her executive ability points toward a successful business career. We look to Ruth to prove the present contention that women can engineer a house and a career at the same time. The chances for punning on her name are so obvious that we leave it to you!

FLORENCE STEWART

Chicago, Ill.
Chi Psi Delta
Bustle and business. This petite and blonde person (barring the baby stare, however) surprises you with her many and divers accomplishments. A shrewd eye for business, and a convincing manner of speaking have earned her the reputation of possessing all kinds of sense.

CHARLES STILLWELL

Bedford, Ohio
Sigma Chi
They call him Noisy because he never says a word, yet if an intellectual conversation is necessary, he can pile it with the best of them. Easy going, good natured, fond of Sweets, Chuck is the Sigs right hand man for any and all occasions.

MARY SWARTZEL

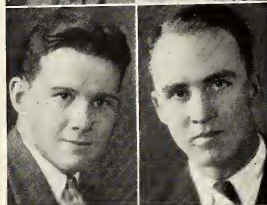

Dayton, Ohio
Chi Psi Delta
Dainty and immaculate, always in the midst of any excitement, and the first to know anything new and different—that's Mary! She knows the art of conversation from A to Z and holds forth daily in Beaver Hall parlor, rain or shine.

MARGARET TEAS

Dayton, Ohio
Alpha Tau Delta
"This is my lucky day" is often the case with Peg. She has charge of the publicity for Y. W. C. A., and makes many of Y. W.'s posters. She likes to paint, to dance, and her personality enables her to attract friends. Peg is still undecided about the time-worn question—"to Bob, or not to Bob."

PAUL TROUP

Dayton, Ohio
Pi Kappa Epsilon
The boys say they have to shoo the squirrels away when Troup goes to classes, but we've discovered that he can be extremely serious at times. He majors in Zoology, drives a well-organized Ford, boxes cleverly, and intends to be a doctor, eventually. (We almost said, "When he grows up.")

LOUISE STEWART

Zanesville, Ohio
Shepardson Club
Stew has the brain index of a Phi Beta and believes in concentration. Hence nineteen hours of A in one semester! She may grind out grades, but the 'grinding' process goes no further. Do you suppose it was that course in Household Chemistry that taught her the value of using salt to sweeten coffee?

HAROLD STUBBS

West Carrolltown, Ohio
Phi Gamma Delta
Oh-a-laddie-hoo! What a sweet tenor voice you have, Cap! Cap runs hither and thither, both on the gridiron and on the baseball diamond. Variety is the spice of life to Cap and we can't blame him so much, either.

WILLIAM TAYLOR

Conneaut, Ohio
Lambda Chi Alpha
Bill isn't noisy but he's there in everything. As leader of any deep question in an all-night session or dispenser of elder advice Bill is at the forefront. Engineering and kindred subjects are his line. Bill is a high jumper on the varsity track squad.

WILLARD G. THUMA

Jamestown, Ohio
Pi Kappa Epsilon
This is Willard's first year with us, his two previous years having been spent at Cedarville College. 'Bunny' toots his own horn, and has made himself invaluable in the band, orchestra, and glee club.

HELEN TUNISON

Kirkersville, Ohio
Phi Phi Phi
Dignity, demureness, and arrogance—yes, that's Tuny. She is not a mannequin, though she's trim enough to be one. Tuny believes firmly in frequent consultation with the "Taylors." Ever since we have known her, we have heard about history reports, but we're not convinced that she'll ever be a historian.

STEPHEN TUTTLE

Granville, Ohio
In Steve we have a musician of real note, a permanent fixture at Mr. Eschman's establishment, as well as a staunch member of Phi Mu Alpha. He takes a part in the Denison String Quartet, along with other musical activities, and still finds time for good work in his studies.

GLENN WATSON

Granville, Ohio
Glenn is a quiet fellow and has not shown us much of Glenn this year, but from past experience we know wherein his real value lies. As a tennis player he has the goods, and his work at his studies is not to be laughed at. We're looking to Glenn for real accomplishments.

FRIEDA WIEBE

Cincinnati, Ohio
Last year on a certain auspicious night there was a serenade informing everyone that another good man had gone wrong! But Frieda has not had to live by virtue of serenades alone—for as hall-girl at King she has won the confidence and friendship of all.

GEORGE WETZEL

Dayton, Ohio
Phi Delta Theta
Another of those smooth boys from Dayton and points west. George is usually the first one to blossom forth in a light suit for he likes to rush the season and anything else which strikes his fancy. And since he's studying engineering, he can make the grade.

MADELON WILCOX

Condit, Ohio
Theta Gamma Alpha
A girl who can smile in the dim and murky light of a rainy Monday morning! A girl whose eyes tempt us to quote Rosetti—"Her eyes dreamed against a distant goal." Madelon is reserved with most people, but her intimates know her as a delightful companion.

REX VANCOURT

Wycliffe, Ohio
Commons Club
Still water runs deep, and in Rex we find an example of this old adage. Saying little, thinking much, Rex proceeds with his study for the ministry. Rex finds time to participate in various inter-class athletics, in which he always does credit to himself and his class.

KENNETH C. WEAKLEY

Newark, Ohio
Lambda Chi Alpha
Though Ken has spent most of his life in Newark, we don't hold that against him, since he frequently spends week-ends in Youngstown, for a very fair reason. Ken has a smile as broad and lasting as any in the state. Ken is also a "shavetail" in the R. O. T. C.

SARAH WEST

Mt. Vernon, Ohio
Phi Phi Phi
Sally is one of the few who come to college to study, and we're afraid she's going to make Phi Beta if she isn't careful, math being her secret passion. Yet she patiently waits for her daily letter from Duquesne, and enjoys telling of the exciting times she had in Paris last summer.

WILLIAM G. WHITE

Newport, Ky.
Commons Club
Dr. Gewerher's understudy, a first class historian, a real fellow is Bill. It is said that he once contemplated studying for the ministry, but investigation proves that report false. Whenever you attend a dime show you'll find Bill and his hearty laugh in the midst of the A. C. C. delegation.

HOMER WILLIAMS

Youngstown, Ohio
Sigma Alpha Epsilon
Homer is our budding journalist. He manages the finances for the Denisonian, is associate editor on the Flamingo staff and general exponent of triple threat jokes. Just now, Fourth Estate is claiming his services in the hope that he can formulate a petition which will take.

MARGARET WILLIAMS
Painesville, Ohio
Chi Psi Delta

Another deceiving blonde and blue-eyed combination. Now the main object of her endeavor is the movement for "bigger and better hominy" at the Sem, and we're all back of her. She has two weaknesses, tomato soup, and a liking for the landscape in the direction of the Phi Delt house.

VIRGINIA S. WILSON
Allison Park, Pa.
Alpha Tau Delta

Jinny should be called Johnny, because she's always on the spot. Everyone knows that Jinny is a booster for bigger and better athletics, but few people know that she has an artist's eye for color and designing, though they have seen the results of her work in several pages.

GRACE WOODFORD
Findlay, Ohio
Shepardson Club

If Grace has anything to worry about, we have yet to discover it. Anyone who rates an A- in Advanced Harmony is our idea of a student who would bring honor even to Bigger and Better Denison. We knew all the time she was going to be a Junior Phi Bete!

CHESSIE YOUNG
Granville, Ohio
Phi Phi Phi

Our own Chessie, petite, good-looking, and blonde! Though Chessie dates a lot, she still looks forward to those letters from Bowling Green. Judging from the Sophomore Benefit and Junior Revue, she would make an excellent chorus girl, but since most of her work is in the Education department, we're afraid she'll be a school teacher.

VIRGINIA D. WILSON
Newark, Ohio
Kappa Phi

Here is one of the blither spirits of our campus. She is always ready with a gay smile and a cheery word for everyone. This well-posed young lady is not swayed by mob action, for while others cut and grew and cut their hair again, Jinx serenely did up her long tresses.

RALPH WISE
Mansfield, Ohio
Beta Theta Pi

He's not only wise, but otherwise, by which we mean to say that he's not only smart but clever. Ralph goes in for the deeper things like Philosophy, Ethics and the like. Well, if we had that Jordan, we'd probably gaze into the depths, also.

HELEN WYETH
Newark, Ohio
Alpha Tau Delta

Henry started her career at college in King Hall, which may account for her sunny disposition. With a Phi Bete complex, she reels off Latin by the yard, and is also developing her ability as assistant to Dr. Diefeld. We can't forget her alto voice and, incidentally, her talent for tin soldier acts.

DENVER YOUNG
Dayton, Ohio
Phi Delta Theta

Scotchle sent his girl a picture the other day and hopes she'll like it when she gets it developed. Athletics is his line. He helped coach the Freshmen gridders, the yearling basketball squad and is now working out on the diamond. Here's luck.

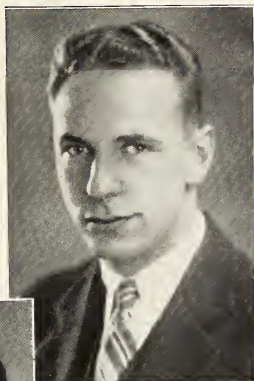

PROF. ERI J. SHUMAKER

Whatever achievement the Class of 1929 has made, the members are willing to share with Professor Eri J. Shumaker, advisor. During the past three years he has been a guiding spirit in directing the progress of the class with sincere understanding. As an executive he is responsible for the solid condition of the class treasury. To the individual woes of the students he has been a patient listener, imparting human advice acquired from years of study of rich Denison traditions. Eri J. Shumaker has truly been a friend of the Class of 1929!

To Denison

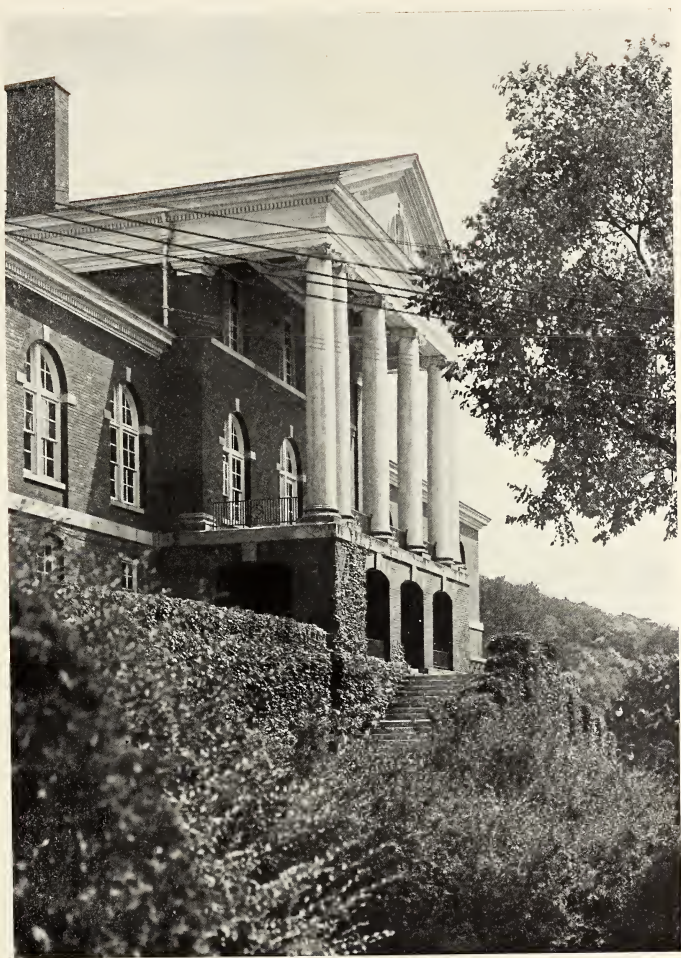

*To Denison, we raise our song,
Fair College on the Hill,
The name that sets our souls on fire,
And makes our senses thrill;
To Denison, our Denison,
In praise our voices swell,
 The scene of happy college days,
The home we love so well.*

*O morning glow, which gilds the east,
O sun, which shines at noon,
O stars, which bloom at eventide,
O radiant, glowing moon,
Look from thy pathless azure dome,
Shed blessings from above,
On college halls and college walls,
The Denison we love.*

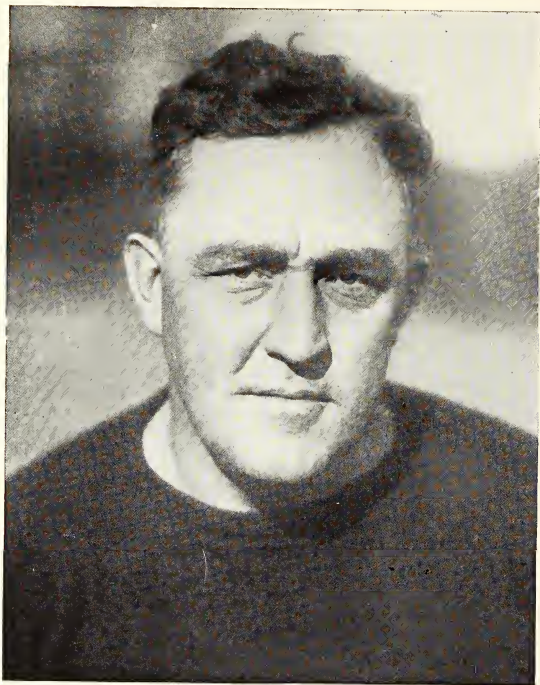

*When from the fold we far shall stray,
With souls no longer young,
We'll ne'er forget our college days,
These happy scenes among;
And when our steps have feeble grown,
Our journey almost done,
E'en then, with fleeting breath we'll praise,
Our dear old Denison.*

ATHLETICS

Cleveland Hall, Men's Gymnasium

WALTER J. LIVINGSTON

Director of Athletics

In the fall of 1927, "Livv," possessor of one of the best coaching records in Ohio, surrendered his position as football mentor in order to devote his time to regulating the activities of the athletic department. The fruits of this policy are already evidenced by the improved system of intramurals inaugurated last fall. Denison holds her present reputation for consistently high class athletics and clean sportsmanship mainly through his untiring efforts. Livv's figure dominates in the realm of sports, not only on the Denison campus, but also in the Buckeye Athletic Association, of which he was elected president in 1927. He is generally recognized as the best authority on sports in Ohio, and Denison is indeed fortunate in having a man with an ideal to formulate her athletic policies.

The Coaching Staff

Most of the stars Denison has produced of late on the football gridiron, basketball court, or baseball diamond, owe their fundamental knowledge of college games to Sid Jenkins who has coached Freshmen teams in these sports during recent seasons.

As varsity coach, Sid has proved his worth by turning out a team that tied for the Ohio Conference championship a few years ago. Sid has won a place of gratitude and friendship in the hearts of all of those who have come under his tutelage. Trained under "Livy," he is thoroughly acquainted with those principles of Denison athletics which stand for hard play and clean sportsmanship. These ideals he has transmitted to the athletes placed under him.

"Sid" Jenkins

Harry Wilhelm

This year, Sid has given up most of his coaching work in order to oversee the new intramural system, which constitutes a real job. The burden of refereeing all interfraternity contests falls upon Sid and his corps of assistants. Besides this activity, he trains men in the minor sports of wrestling and tumbling, has charge of the freshmen and sophomore gymnasium classes, and teaches some of the advanced courses in physical education.

Having received his training under the tutelage of the veteran Bob Zuppke of Illinois, Harry Wilhelm came to Denison from Louisville Male High School, fully qualified to replace "Livy" as football coach. To accustom himself to his first contact with a college team, to introduce a new system of play, and to develop players to fill the gaps in the team left by graduation were a few of the problems confronting him. That he accomplished these things, was evidenced by a smoothly-working football machine which showed plenty of fight throughout the hard and difficult season.

"Tommy" Rogers is another Denison coach who received his early training in the gridiron sport under "Livy". In 1924, Rogers captained the Big Red throughout a successful season, and was named as an All-Ohio halfback. During the past football season, he acted in the capacity of assistant football coach, and last winter coached the yearling basketball team. Under his training, some promising candidates for next year's varsity have been produced. This spring he is assisting "Livy" in track work besides handling several undergraduate gymnasium classes.

The Board of Control of Athletics

Faculty Members

Prof. H. L. Jome
Prof. C. D. Coons
Prof. E. J. Shumaker

Student Members

Wade Carpenter
Mitchell Gregory

The purpose of the Board of Control of Athletics is the regulation of all matters relating to competitive athletics. It also exercises final judgment in matters pertaining to finances for the teams, athletic equipment and its upkeep, enforces the eligibility rules governing players, approves the awarding of letters in both the major and minor sports and the appointment of captains and student managers.

The Board of Control is not in charge of the Physical Education department, nor of intramurals, although it finances the latter. However, its power is far-reaching in Denison athletics and it is largely through the efforts of the Board that our sports are on such a high plane and so well regulated.

The Boosters

Foremost in promoting Denison's interests is the Boosters Club. This organization was founded a few years ago to take care of publicity not covered by the Athletic Association or the publicity department. It is comprised of representatives from each of the men's social groups. During the past year Lester Livingston served as president the first semester, and Lee Beardshear the second. John Garwood was vice-president, Henry Henson, secretary, and Charles Pierson treasurer.

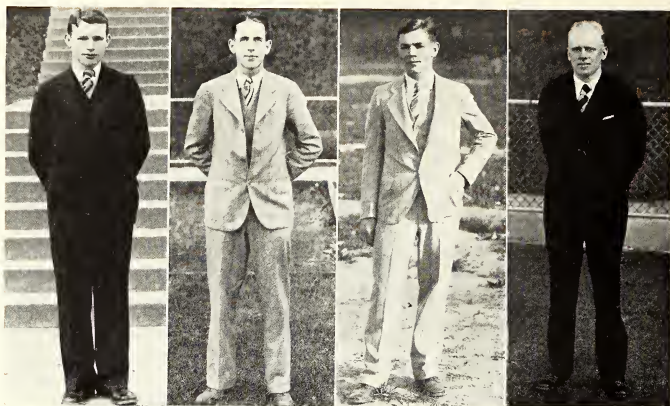

Through the Boosters' efforts Broadway displayed banners, pennants, and slogans in white-wash on Saturday mornings preceding home football games. They sponsored the sale of red-and-white banners to merchants and social groups and received excellent support in the enterprise.

The Boosters, in conjunction with the faculty, take an active part in advertising Denison's merits to prospective students by arranging for sub-freshman day, when high school seniors are invited to inspect Denison at first hand and see the school in operation. They send letters to the prospective Denisonians, and arrange for a luncheon, an "open house" night at the various fraternity houses, and other features.

The Boosters gave a benefit movie in November and a dinner party at the Buxton Inn early in April.

The Major Sports Managers

Student sports managers seldom receive the credit due them for their share in caring for the team's comfort, equipment and finances. Anyone who has tried to make a financial statement balance knows what the manager is up against.

Not only finances, but the care of equipment is no small task. Of course, there are assistants who assist spasmodically, but it has been difficult to secure competent assistants who will stick to the thankless tasks throughout the whole season. The comfort of the team is a real problem which requires the exercise of ability and tact to accomplish successfully. In many instances, the manager has acted in the capacity of trainer on out of town trips, caring for injuries and sore muscles which will respond to nothing but skillful treatment.

Such a manager was Ben Windle. Doc knew the difference between a charley-horse and waning ambition. Not only was he competent in checking up on equipment, but his interest in the individual members of the team and his concern for their personal comfort did much to ease the difficulties of a hard football season.

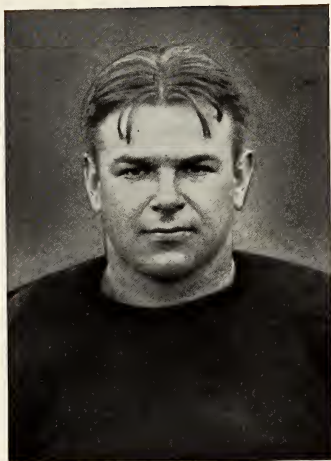

William Love earned his "D" for his work as basketball manager. Out of town trips are great sport unless it is necessary to provide accommodations for ten or twelve men every few weeks. Only a love for the sport and constant devotion to the team will keep a man in the Wigwam every night, but Bill possessed an infectious smile which carried him over the rough places.

Having tried nearly every event himself, Anthony Bellish finally felt himself impelled to take up the duties of manager and proved to be a competent one. Most of the trips made by the track team out of town are not over-night affairs but that does not lessen the duties of the manager perceptibly. When the assistants became infected with spring fever, Whitey would prepare the jumping pits and act as trainer.

Ronald Adams did his best to secure all the foul balls which went over the backstop and keep the bats and other equipment from straying from the diamond and field house. Several times he wished for a fleet of busses of his own by which he might convey the team on out of town trips and get them home before the wee hours of the morning. Ron performed his tasks efficiently and without complaining about the unnecessary details.

Because track and baseball continues while the Adytum is being published, the teams of the preceding season are shown in this book. Adams and Bellish managed the teams during the 1927 season.

Football

CAPTAIN MITCHELL GREGORY

When Captain Cy Prosser left school at the beginning of last fall's football season, Mike Gregory, a Junior, was chosen honorary captain of every game. He filled this position so well that at the end of the season he was elected captain of the 1928 varsity.

Mike saved the reputation of the Denison-Cincy jinx by booting that famous 40-yard place kick in the last moments of the Bearcat game for the only score. Mike throughout the season was the backbone of the Big Red defense. His sterling leadership as captain was undoubtedly one of the greatest factors in keeping up the team's morale through the hard and unsuccessful 1927 season.

In track, Gregory holds the B. A. A. shot put record of forty-three feet, ten and one-half inches. He is also a member of the Board of Control of Athletics.

Gregory, Guard

Folsom, End

Wiley, Tackle

THE MUSKINGUM AND CASE GAMES

In the opening game of the season, October 1, the Big Red lost to Muskingum, 26-0. The winner's heavier and more experienced team had little difficulty making gains through end runs and forward passes. Tosses from Capt. Wilson to Taylor, tall Muskie half-back, were especially effective.

Muskingum led at the half by 19-0, but the second half was more even, the Big Red team making several creditable gains and solving the Muskie attack. Gregory proved his worth in the line and Mickey DeMay played well at end, breaking through the interference to throw opposing backs on several occasions.

With a reversal of form, Denison took the second game from the Scientists, 19-0. The Big Red showed real fight and team work. The day was ideal for football and fumbles were few. Tom Folsom and Wee Wiley excelled in breaking up off-tackle plays.

MIAMI GAME

Denison lost the third game of the season to her traditional rival, Miami U., by a score of 26-0. Although unable to cope with the heavy offensive of Miami, Denison played a consistent game with Otto and Stubbs carrying the ball for long end runs.

Several fumbles during the first few minutes of play made the game a see-saw affair. English scooped up a loose ball and dashed to the 8 yard line before being downed, but was called back on a technicality. However, Miami, with consistent line plunges and some brilliant forward passing, had scored 19 points at the half.

Stryker, Miami fullback, broke away in the last quarter for another touchdown on a sweeping end run. The Miami line easily outweighed the Denison line by ten pounds per man, but Mason was successful in finding several openings for substantial gains, and proved invaluable to the Big Red secondary defense.

Otto, Quarterback

Stubbs, Halfback

Mason, Fullback

Kistemaker, Guard

Deeds, Fullback

Rose, Tackle

THE OHIO WESLEYAN GAME

Coach Gauthier's boys returned to Delaware with the traditional rabbit's foot and the long end of a 7-2 score in the most cherished classic of Denison football, the Homecoming game.

Although the Big Red made twelve first downs to the Bishop's eleven, they were held in mid-field throughout most of the game. Wesleyan scored on a blocked punt which Thomas recovered on the Denison twenty-two yard line. Hard line drives resulted in a touch-down and Glancy place-kicked for the extra point. Denison lost a chance to score at the opening of the second quarter when Stubb's pass from the sixteen yard line was intercepted. Denison scored when Kistemaker and Rose crashed through the Wesleyan line to spill Wade for a safety. Deeds, at fullback, was the outstanding ground gainer for the Big Red.

THE CINCINNATI GAME

Denison humbled the University of Cincinnati for the fourteenth consecutive time in the game with the Bearcats on Carson Field, October 29. While the jinx was still there, it certainly was not pronounced, for almost the entire game proved to be a listless see-sawing up and down the field. The afternoon was hot, and at no time did either team show enough offense to create interest in the game.

Barth and English, ends, played a fine defensive game, breaking up many of Cincinnati's plays.

"Mike" Gregory saved Denison from a scoreless tie and added the solitary bright spot to the game by making a place-kick from the thirty-five yard line in the last two minutes of play, leaving the score 3-0.

Barth, End

English, End

Schaller, Tackle

Swanson, Halfback

Owens, Halfback

Rogers, Coach

THE OHIO U. GAME

Ohio University defeated the Big Red, 12-7, on Dad's Day, November 5, in a game considerably slowed down by a slush-covered gridiron and by a high wind which continued throughout the game.

Ohio scored both her touchdowns in the first quarter when McKinley, lanky halfback, carried the ball over after sweeping end runs. Denison during the second quarter maintained possession of the ball most of the time and was credited with five first downs.

Denison scored when Lewis recovered McKinley's fumble on Ohio's thirty yard line and the ball was advanced to the nine yard line where Stubbs passed to Deeds for a touchdown. Gregory place-kicked for the extra point. Russell at end was effective in turning in end runs, thereby breaking up many of Ohio's scoring chances.

THE STATE AND OHIO NORTHERN GAMES

The trip to Ohio State renewed faith in the Denison spirit if nothing else. While the score was 61-6 and Denison was clearly outclassed from start to finish, the team fought continually to the end of the game.

"Swede" Swanson carried the ball over for a touchdown and gained the distinction of being the first Denison man to score on O. S. U. since 1910. Passes by Stubbs and Otto were accurately hurled and were Denison's strongest offense.

O'Brien as drum major made a hit with Columbus fans.

Denison defeated Ohio Northern, 8-0, in the last game of the season, November 18. The line showed strength and the backfield gained consistently, both in runs and in passing.

Owens at half back made several good end runs and broke up the Northern passing attack. Stubbs drove around the ends in the first quarter for long gains.

Swanson, Halfback

Owens, Halfback

Wilhelm, Coach

Varsity Football Season

Denison's football season, when looked at from the standpoint of games won, was far from successful. Out of the eight starts made during the year, only three resulted in victories.

Last fall, the training season started under the leadership of a new coach. Harry Wilhelm came to Granville with an admirable record behind him at Stivers High School and Louisville Male. Several times during his career he had turned out championship teams.

This year a new situation confronted him. He would have to develop a grid machine to face a different type of opposition from any he had ever encountered. At his command he held a squad of inexperienced men, most of them lacking in varsity seasoning, which he had to mold into a football machine. Harry also had an exceedingly difficult schedule in front of him. All the B. A. A. schools possessed strong elevens. In addition to these, Ohio State, Muskingum, Ohio Northern and Case were to be played.

The task allotted to the players was also a huge one. Wilhelm had studied coaching under Bob Zupke of Illinois, and his style of play was entirely different from any that had ever been introduced in Denison. The shift system which he used was efficient but hard to learn correctly.

Three games stand out prominently in the season: Case, Ohio State and Cincinnati. The contest against the Scientists marked the only time throughout the fall that Denison uncovered any genuine offensive punch, winning 19 to 6. Mike Gregory's forty-yard placekick in the Cincy fracas was sufficient to continue the Big Red's prestige as the Bearcats' jinx. Swanson's catch of a pass in the State game marked the first time that Denison had scored against the Scarlet and Gray since 1910.

Although the year was not a success, the experience gained could be a valuable asset to next fall's eleven. With a few exceptions, the entire squad will return in '28; this alone should assure a brilliant start for Coach Rupp, who succeeds Wilhelm.

Left to right: Top row—Owens, English, Rose, Swanson, Schaller, Folsom, Russell, Barth, White.

Second row—Coach Wilhelm, Asst. Coach Rogers, Wiley, Larimer, Eddy, Rettig, Field, Richards, trainer, Mgr. Windle.

Third row—Kistemaker, Otto, Lewis, Gregory, Alexander, Stubbs, Mason.

Bottom row—Rogers, Pence, Grimm, Greenfield, Deeds and Homberger.

The Freshman Squad

When Coach Edson Rupp issues the football call next year, he will have at his disposal a capable squad of Sophomores, developed during their Freshman year by "Livy" and his assistants, Thomas Rogers and "Denny" Young.

The task that lies before any yearling squad is an exceedingly difficult one. It consists of learning the plays of eight or nine different schools during the same number of weeks and mastering them with such proficiency that when used against the varsity in practice, the latter will not encounter any difficulty in acquainting themselves with them.

Besides playing well against the Big Red all season, the Freshmen distinguished themselves by defeating the Sophomores in the annual Scrap Day battle, 12 to 0.

Rivalry for first string positions was so intense last fall that it was necessary to award twenty-six numerals to the contenders. Out of this entire number, twenty-five were Freshmen and one a Sophomore. The lone upperclassman was Meidinger, a man whose ability was so apparent that the Frosh elected him as captain. Resigning his position as leader of the Georgetown (Kentucky) University eleven, he entered Denison last fall. During the whole season his work was outstanding in the first year backfield. His excellent playing in the Sophomore contest warrants a successful duplication as varsity fullback next fall.

The first string lineup, in most cases throughout the year, consisted of Greenlee, Wendorf, Pool, Saurer, Schaeffer, Curtin and Carpenter on the line, with Tenzi, Meidinger, Philbrick and Baker in the backfield. Another team of practically equal ability was selected from the following candidates: McConnel, Sweetland, Farquahar, Watkins, Randel, Pipoly, Beerheide, Trask, Walker, Taylor, Geil, Allison, Kindig, Ebersbach, Evans and Shoop.

Left to right: Top Row—Stofer, Farquahar, Greenlee, Curtin, Wendorf, Randel, Evans, Carpenter, Philbrick.

Second row—Ebersbach, Allison, Baker, Poole, Schaefer, Sweetland, Watkins, Taylor, Merkel, trainer.

Bottom row—Trask, Latta, Geil, Meidinger, captain; Walker, Saurer, Shoop. (Tenzi and Pipola not in picture.)

Thompson, McNabb, Stollitis, Packer, Roderick,
Kincaid, Pickett, Howard, Hays, Richards.

The Trainers

A force of a dozen trainers under the supervision of Ben Windle, football manager, made up a group which deserve especial attention and praise. Each man has been trained in the rudiments of dressing wounds, cuts, sprains, and the like. They are one of the most efficient squads on the campus.

Many grid fans and attendants at football clashes, who see certain individuals hurrying around, taking care of helmets and balls, or acting as linesmen, are ignorant of the main duties of these hustlers, and, in most cases, an insufficient amount of credit is given these men. Every gridder, before entering a battle or even a practice, must have his ankles and wrists properly taped, as well as all bruises and cuts well taken care of. Also, upon returning from the field, he is again under the attention of these men. If a player is injured he must have immediate and skilled attention. Violet ray machines and numerous other devices in the equipment must be thoroughly understood, and used.

Classifying the men according to their duties, there are under Manager Windle, Steve Richards, acting as assistant manager, and John Gibson who are supervisors in the work; Ralph Pickett and George Hays are in charge of the first aid and are becoming very proficient. Lester Steiner has charge of the stadium, and Uel Dibble, Raymond Montgomery, Don Kincaid and George Howard take care of the equipment. Charles Merkel, Robert Van Voorhis, and James Butt are the freshmen members of the squad and are taking splendid care of the first year team.

A new training system is expected to go into effect whereby a Junior-Sophomore training staff with a senior manager will be featured for the four major sports, and courses of training will be offered as requisites for aspirants.

Basketball

CAPTAIN JOHN OWENS

"Burr" started his basketball career at Granville High School, and entered Denison with a reputation in four sports. Last year, while a sophomore, he served as relief guard in basketball. This season "Burr" was chosen captain of the varsity, where his fighting spirit and reliability helped to produce an aggressive team. Having lost the entire 1927 championship team, and facing the strongest competition the B. A. A. has seen in years, "Burr" led his teammates in an uphill struggle all season. In the final Buckeye game he led a slashing Big Red attack which swept the Ohio U. team off their feet in an impressive victory.

"Burr" now has five varsity letters to his credit. Besides basketball, he plays a stellar game at halfback on the football field and runs the half mile in track.

Basketball Letter Men

Owens, Guard

Oxley, Forward

Bliss, Guard

Love, Manager

Denison's 1928 basketball team, although placing low in final standings, deserves honorable mention for persistent work against odds that appeared overwhelming at the beginning of the season, and for developing from an inexperienced to a fast and shifty combination.

Captain Owens led his team well, playing a fast and hard guarding game. Owens fought for the ball at all times, covered his part of the floor in fine shape, and was dangerous on offense. Burr, who won his letter in his sophomore year, will have a place on the Denison team next season.

Bliss, playing guard with Owens, was the fastest and shiftest of the five. Bliss' work at running guard was noticed whenever he appeared, and his leading of the Big Red scorers marks him as an exceptional man. Bliss, a sophomore, played his first college basketball this year, and should be All-Ohio before his college days are finished. His fast offensive plays were hard to stop, and his eye for the basket was uncanny. Defensively, he upheld his share of the work, although he lacked confidence at times, due to his inexperience.

Schaller, playing at the tip-off position, was one of the most consistent of the Redmen, playing up to form in every game. Schaller was seldom outjumped, and his height was an advantage in every way. His eye was keen, and several times during the season he pulled Denison out of a hole with a long shot from near the center ring. He was at his best during the Wittenberg game, making shot after shot, in almost uncanny succession.

Homberger and Oxley held down the forward berths as regulars during the season, and showed great improvement as the schedule progressed. Homberger was the most experienced man on the five. He found the basket without difficulty, and played a steady floor game. Oxley started the season without showing a great deal of form, but made up for that at the end of the trail, being second in individual scoring. His guarding was fine, and his spring under the basket rolled in many counters for the Big Red.

English started the season at forward, but did not prove consistent, and was held as a reserve man. He played a hard game, but did not develop his usual dead eye for the basket. He has another year with the Big Red.

Swanson won his service letter after three years as a substitute. He broke into several games, and took good care of his end. Special credit is due him for his unselfish work and stick-to-itiveness. He was the only senior to win a letter.

Schaller, Center

Homberger, Forward

Swanson, Forward

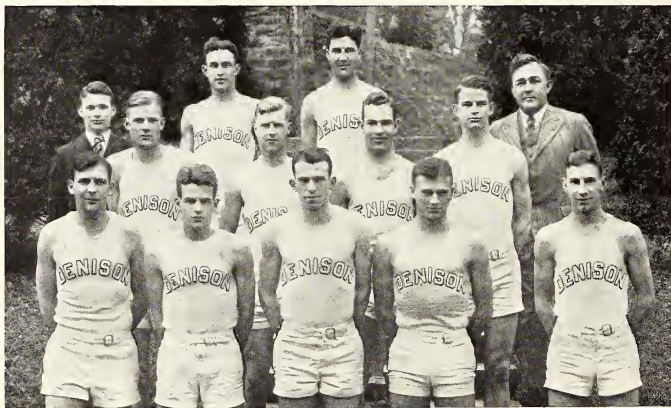

English, Forward

The Varsity Basketball Squad

Varsity squad members other than those winning letters or other reward for their services were especially important in the 1928 basketball campaign, when a green five had to be developed for collegiate competition.

Among the members of the squad who did not win letters were: Robuck, Deeds, Flory, Steadman, Laycock, Johnson, Otto, and Wiley. Laycock, after playing several halves early in the season, received injuries which made it impossible for him to continue, otherwise he would doubtless have won his letter. Robuck, Deeds, Flory, Steadman, and Johnson are sophomores who may improve to varsity caliber in another year.

Otto broke into several games as a forward, contributing several points to the Big Red total, but did not come up to the class which he displayed last year. Otto's specialty was long shots when the opponent's defense was weak. Steadman, entering school the second semester, was a valuable man to the reserves, and will probably receive varsity training next year. Robuck, Deeds, Flory, and Wiley played with the reserves in their collegiate games, and represented Denison well. Johnson broke into the varsity games a few times, but his inexperience handicapped him.

Left to right: Top row—Oxley, Schaller.
Second row—Mgr. Love, Johnson, Bliss, Swanson, Steadman, Coach Livingston.
Bottom row—English, Rogers, Capt. Owens, Flory, Homberger.

The Freshman Squad

Freshman basketball men, under the coaching of Tommy Rogers, developed a formidable cage team, using the Livingston system, and provided candidates for the next varsity campaign.

Among those who showed the best form and remained with the squad until the end of the season were: McConnell, Baker, H. Carpenter, Halko, Rathje, Dildine, Gliess, Giel, Walker, Faris, Evans, Cochran, Saurer, and Randall. McConnell and Baker were the two outstanding men of the squad, both being tall and rangy and skilled in basket shooting. Giel and Walker developed into fine floormen, Walker being one of the best Freshman guards seen here for some years. Carpenter was especially fine at a passing game and saw service against the varsity in several encounters.

Rogers handled the freshmen in fine style, and formed a combination that should give experienced men a hard battle in the next year's competition for varsity berths. The squad was large at the start of the season, but was cut down through elimination to about fourteen men.

Freshman squad men deserve real credit for the largely unthanked work they do in the developing of their talents for future varsity use. The training and practice that they must undergo is very similar to that of the varsity.

Left to right: Top row—Asst. Coach Young, Cochran, Randell, Shank, Coach Rogers.
Second row—Saurer, Halko, Capt. McConnell, Gleiss, Baker, Dildine.
Bottom row—Carpenter, Walker, Geill, Rathje.

The 1927 Basketball Season

Denison dropped from first to fifth place in the Buckeye Athletic Association basketball standings, following the break up by graduation of last year's championship team.

Coach Walter J. Livingston was confronted with the momentous task at the beginning of the season of forming a varsity quintet from material inexperienced in fast cage work. Only one man, Homberger, had had any real experience.

Marietta provided the first opposition of the season, giving almost every man on Livy's squad an opportunity to participate in the 39-19 victory for the Redmen. The Buckeye schedule started against Wittenberg, with the Granville five making great efforts, but falling into defeat by a one-basket margin. In their first B. A. A. game, the team looked good, with a fast offense and accurate shooting.

Against Miami, the Big Red was weak. Competing with a fast and experienced team, they lost, 35-28. Lack of knowledge of the Livingston defense contributed largely to this defeat, as in those that followed. Miami won the second meeting by an even greater margin, 48-25, proving their right to a higher ranking than the Granville men.

Ohio University, through the efforts of Burkholder, defeated Denison in the first game between the schools, 31-22. The local five could not make shots and failed to watch the Athens scoring ace. Ohio fell, 36-34, in the final Buckeye game after the Baptists had taken a ten point lead early in the game, and settled into defensive play.

Cincinnati, champions of the small circuit, administered two smarting defeats to the Baptists, 29-19 and 50-26. The Bearcats lost but two games during the season, having a fast and smart team, capable in every way. Their games were won decisively, and in Popp and Bolton they had two of the outstanding court men in the state.

Two defeats were sustained at the hands of Ohio Wesleyan, the Methodists coming from behind in both games to win, 36-28 and 36-32. As a curtain raiser for these games, reserve games were played, following the plan set forth by the Big Ten schools, and in both games the Denisonians whipped their rivals.

"Livy" and his cohorts opposed the reserves in the Alumni game, and the usual good time was had by everyone. The varsity met the championship team of last year, with the addition of Behan, star of two seasons ago, in a fast game. Nicholson, Jenkins, Ashbrook and Douglas displayed their amazing ability to the huge enjoyment of the spectators.

The 52-30 defeat of Marietta drew the curtain upon the season's basketball play, giving the Denison five but four wins in thirteen starts. Wittenberg and Ohio were the only Buckeye schools to drop a game to the Big Red, while the Denisonians were defeated eight times.

The record left is not impressive, but lack of experienced material coupled with the strongest opposition found in the B. A. A. for years, spelled defeat for Denison. However, the team found its stride in the final games and uncovered some promising material for next year on which Denison is pinning her hope.

Track

CAPTAIN LEONARD HEINRICHS

Captain Leonard Heinrichs, of Wayland Academy, holder of the Denison and B. A. A. records in the high and low hurdles, captained the 1927 track team through a successful season. "Heinie" was high point man for the season, taking 15 firsts, 9 seconds, and 3 thirds for a total of 116 points.

In the meets with Wittenburg and Ohio U., "Heinie" earned in each meet 25 points with firsts in the dashes, hurdles and the broad jump. He totalled 24 points against Ohio Northern, 21 against Cincy, 22 in the B. A. A., and 20 in the Ohio Conference meet for individual honors. The time for his B. A. A. records was 15 seconds in the high hurdles and 24.6 for the low hurdles.

Heinrichs

Grube

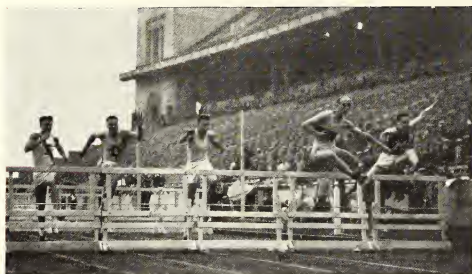

Rager

Captain Heinrichs was Denison's outstanding track man for the past year. He was almost a track team himself, having made 116 points during the season, or over one-third the total number of points made by the squad. "Heinie" usually entered six events: the high and low hurdles, the 100 and 220 yard dashes, the broad jump, and the high jump.

Nelson Grube, though short in stature, has covered some surprising distances in the broad jump. Between "Nellie" and Heinrichs, Denison nearly always took the first two places in this event. Grube is a junior with another year of competition ahead of him. With one first, two seconds, and three thirds, Grube garnered 14 points, more than enough for his letter.

One of the longer dash men was George Rager. He ran the 440 regularly, and proved to be a "find" for that race. He was also a dependable man on the relay quartet. "Tank" took two firsts and a third for a total of thirteen points. He worked well on the relay, and made a very creditable showing in the Ohio Northern meet.

Few men win as many points in a single event as Gregory has in the past season in the shot put. His best heave, forty-three feet, ten and one-half inches, established a new Denison record. He also placed new records on the books for this event in the B. A. A. meet. Along with other points gained in the javelin and discus throws, he made five firsts, one second, and one third for a total of 31 points. "Mike" has two more years to establish new records. Second only to Heinrichs in points, and second to none in consistent effort, Gregory was undoubtedly one of the most outstanding men of the 1927 track season.

Carpenter, Big Red pole vaulter, failed to equal his previous year's record of eleven feet, nine inches, but was consistent around eleven feet and took his event in the dual meet. Wade is the holder of the Denison indoor and outdoor records, and with another season may swing even higher than before. He made three firsts for a total of fifteen points.

Kadon has finished his athletic career at Denison, and his ability to gather points in the shot put, javelin throw, and discus throw will be sorely missed. He held the college discus record the previous year with a distance of one hundred and twenty-one feet, seven inches, but did not reach his best form this season. Nevertheless, he has been a consistent place man, having won two firsts, one second, and a third, for a total of fifteen points. He showed up well in the Cincinnati meet, placing in two events against strong competition.

Gregory

Carpenter

Kadon

Armstrong

Owens

Evans

Armstrong broke the college record in the half-mile when he ran it at Cincinnati in two minutes and two and eight-tenths seconds. "Army" has been a reliable second man on the relay team, and ran the 440 in good time. He made two firsts, one second and one third for a total of 15 points for the season.

John Owens, familiarly called "Burr", ran the half-mile, the mile relay, and the high hurdles, with great credit to himself and to his team. "Burr" took three seconds and three thirds for a total of 15 points, and has two years of competition ahead of him for bettering his record.

David Evans is one of the best distance men Denison has had for some time. Dave, a veteran of the cross country team, was entered in the one and two-mile runs, though he was handicapped in track events by the shortness of his stride. He made one first, two seconds, and two thirds, for a total of thirteen points.

Barth won his letter in the dashes and the relay, being at his best as anchor man in the latter event. Due to injuries, he usually was second to Heinrichs in the 220 yard dash. He should be the fastest man on the team in the 1928 season. "Boscoe" made one first, three seconds, two thirds, and a fifth, for a total of 19 points, the third highest on the squad.

Blaisdell was another weight man of considerable value. He broke the school record for the discus when he hurled the old dish 121 feet on class day. With lots of competition, Blaisdell made one first, and three thirds, a total of ten points, more than enough to make his letter.

Anthony Bellish proved a dependable and capable manager of the squad, caring for the needs of the team and arranging for comfortable transportation in a most efficient manner.

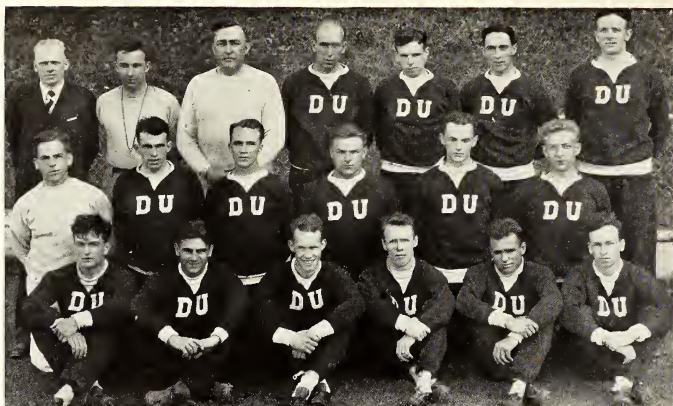

Barth

Blaisdell

Bellish

Left to right: Top row—Mgr. Bellish, Coach Rogers, Coach Livingston, Capt. Heinrichs, Armstrong, Carpenter, Blaisdell.
 Second row—Trainer Sloan, Owens, Stubbs, Gregory, Taylor, Rager.
 Bottom row—Barth, Seidner, Ellingston, Evans, Owens, Huff.

The Track Season

Denison's 1927 track record is on the same high level with the standings of past seasons in the cinder sport, and again places the Big Red with the foremost athletic outfits in the state. Denison won one dual meet, one triangular meet, tied one dual meet, and placed second to Ohio Wesleyan in both the Ohio conference and Buckeye meets, with stiff competition in each event throughout the season.

Captain Heinrichs, with a high total, led his men in the number of points scored by individuals in the five meets in which Denison participated. He piled up a total of 116 points, averaging over 23 for each meet. Heinie garnered 15 first places during the course of the season, besides nine seconds, and two third places. The best time that has ever been clocked on Deeds field in the high hurdles was made by this track star in the course of the Buckeye meet, when he established the new record of 15 seconds.

Gregory, sophomore weight man, made the majority of points in his favorite event, the shot put, winning first in every meet. His best heave was 43 feet 10½ inches, which shattered both the Denison and the Buckeye records in this event. He also was able to garner a number of points in the javelin and discus throws.

Barth, Armstrong, Carpenter, Grube and Owens were closely bunched in individual points; they were consistent in their events and their combined efforts kept the Big Red in the front rank throughout the season.

Baseball

CAPTAIN CARMI YOAKAM

Captain Carmi J. Yoakam proved to be a most dependable and steady ball player, setting an example of consistent playing throughout the season.

As a pitcher, he had exceptionally good control, which, combined with a fast ball and a good head for the right ball at the right time, made it possible for him to outguess most batters. He was not a curve ball pitcher, but depended largely upon his speed combined with a peculiar side-arm delivery called the crossfire. He also worked well in the outfield.

Yoakam pitched four games in the 1927 season and won two of them. He allowed on the average of seven hits per game, and proved himself a good hitter as well.

Yoakam, Pitcher

Captain Carmi Yoakam, besides efficiently captaining his team through the season, led the pitching trio with twenty-three strikeouts. He was considered a steady, dependable player both in the box and at the bat, and finished the season with a batting average slightly below .250.

Earl Russell, catcher was second only to Fields in fielding averages. He is credited with 65 putouts and 14 assists for an average of .975. At bat he got a double, a triple, and a home run during the season.

Russell, Catcher

Art Fields led the team in fielding, having made 91 putouts and four assists, for an average of .990. Besides filling his job as a long-reaching first baseman, "Chief" established several other records for the season, having made four sacrifice hits and stolen three bases.

"Benny" Benson, one of the best as well as one of the most unusual pitchers that Denison has had, has been elected baseball captain for 1928. Handicapped by having only one arm, he is still able to surprise his opponents and clout good one-base hits. Benson has a deceptive curve, which fools many a batter.

Hartley Laycock headed the batting order and usually played the right field position. Ralph Allen, third member of the pitching staff, alternated between the box and the field. Stubbs, Snyder, Swanson, and Kashiwagi were members of the fielding staff and did some good work getting under flies.

Fields, First Base

Benson, Pitcher

Laycock, Outfield

"Cy" Prosser, second baseman, showed up well in defense, but was at his best at the plate. In the first game with Wesleyan, "Cy" was at bat five times, collected three hits, one a triple, and scored twice.

Denison's midget shortstop, Ray Otto, proved to be the heaviest hitter on the roster last year, clouting out 17 hits in 42 times at bat for a .404 average. Otto usually batted fourth in the clean-up position and many of the hits were timely for extra bases.

The reputation for stealing bases goes to Horace English, third baseman. "Hawk" stole eight bases during the season and with a couple of three-baggers, made a total of nine runs. He scored in nearly every game and in the second game with Wittenburg he made three of Denison's nine points.

Joe Snyder developed into one of the Big Red's best ball hawks. His specialty was getting under the high ones, which soared into the outfield, with uncanny ability.

"Chief" Allen was the third member of Denison's pitching trio. His mound work was always dependable and his ability to place the ball where the catcher wanted it made him invaluable to his team.

Prosser, Second Base

Otto, Short Stop

Allen, Pitcher

Snyder, Outfield

English, Third Base

Left to right: Top row—Coach Jenkins, Lull, Russell, Prosser, Edgar, Snyder, Trainer Coughman.

Second row—Buchanan, Laycock, Capt. Yoakam, English, Otto, Mgr. Adams.

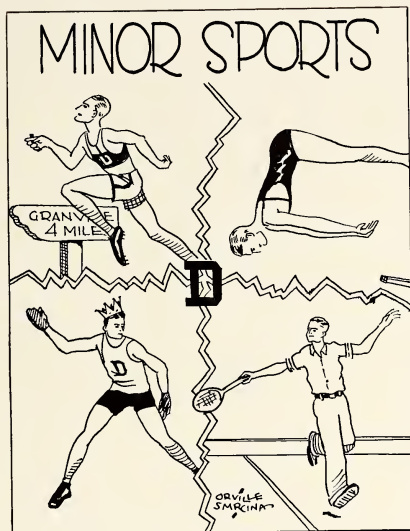

Bottom row—Allen, Fields, Benson, Kashiwagi, Swanson.

The Baseball Season

After a winning start last spring, Denison's baseball team lost its stride and never regained it. Brilliant bits of play featured nearly every game, but inability to hit in the pinches and a tendency toward loose defense behind good pitching caused the slumps.

The season opened with a 6-1 victory over Wittenburg here. In the next game, seven errors let Miami win, 3-2, despite Benson's one-hit pitching. Wesleyan fell, 8-3, and Oberlin lost a tight one, 1-0. Then the slump began, and a 9-4 victory over Wittenburg was the only remaining bright spot in the season. Occasional spurts availed little against a general inconsistency both in the field and at the plate.

Most of the team were sophomores of ability, who lacked the necessary seasoning. Ray Otto fielded well at short, and had a stick average of .404. "Hawk" English at third led the team in base-stealing, and "Chief" Fields held down the first sack with only one error. Laycock, Snyder and Stubbs all won their letters in the outfield, while Kashiwagi and Mathews showed up well as infield reserves. Russell was consistent behind the bat, and "Cy" Prosser and "Swede" Swanson were usually in good form. Yoakam shared the mound with Benson and Ralph Allen. Benny was rewarded by being chosen captain of the 1928 team.

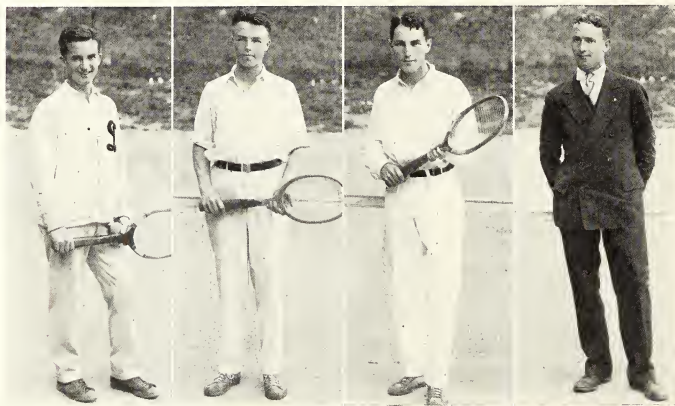

Tennis

Denison's tennis team failed to make a creditable showing in the seven matches played during the 1927 season. Harold Richardson was the only letter man to come out at the beginning of the year. Albert Bakeman, Walton Osmer, Lawrence Howe and Alfred Wradley were the other stand-bys of the team, while Irwin Neff acted in the capacity of manager, doing a very creditable bit of work. Richardson and Bakeman were given letters and the latter was elected captain for 1928.

Denison played two matches each with Wesleyan, Ohio U., and Kenyon and a single match with Oberlin. The first game with Wesleyan was won by a score of four to two, but the remainder of the matches were almost overwhelming defeats.

Besides the scheduled varsity matches, the Buckeye tournament was held here in conjunction with the Buckeye Athletic Association track meet. Cincinnati took this without a great deal of trouble, Bickle of Wesleyan being the only serious contender against them.

Considerable interest was also taken in class and intramural competition on the courts. While no really strong teams were in evidence, the showing indicated that tennis is one of Denison's favorite sports.

Richardson, Bakeman, Capt. Howe, Mgr. Neff.

Cross Country

With a squad composed entirely of Sophomores, facing keen competition in every meet, the cross country team experienced one of the most disastrous seasons in the history of the minor sports at Denison.

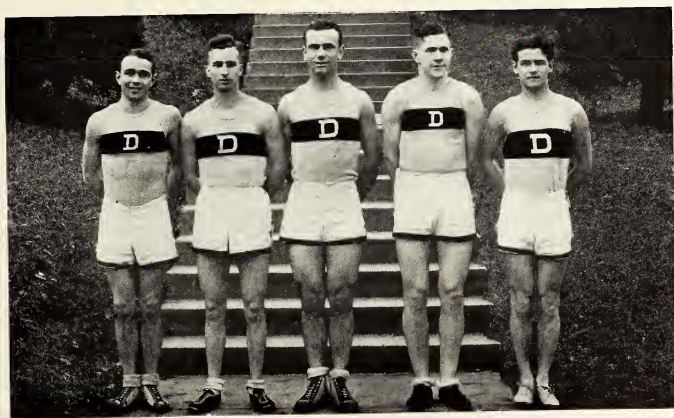

The first meet last fall was held in Granville, Ohio Wesleyan supplying the more experienced runners and winning the meet. It was in this encounter that Captain Dave James first displayed his ability, although his competition would allow him but fifth place.

A week later, in the Buckeye meet at Oxford, not much improvement was shown, although the Big Red entries pounded along to the finish line, and were awarded fourth place.

Considerable surprise was registered when the squad forged ahead in the Big Six meet on the home course and won eighth place in a field open to all Ohio Intercollegiate Athletic Association schools. Again Captain James ran a pretty race, but was handicapped by the lack of running mates, and Muskingum, with a well-balanced entry, copped the title.

At Muskingum a week later, Denison was forced to accept second place, as in the dual meet with Ohio Northern at the close of the season. Running for Northern was the fleet Anderson, winner of first place in each meet his school was entered.

To James, captain and only letter man, go the individual honors in cross country this year. As captain again next year he should profit by a season's experience. His teammates, Roadarmel, Drake, Robinson, Kelly and Slack, deserve more than honorable mention for their consistent support in every race.

Slack, Capt. James, D'Yarmett, Drake, Kelly.

Swimming

Denison's swimming team in its third year of competition showed decided improvement in every department despite two losses to Ohio Wesleyan University by narrow margins. The development of swimming as a varsity sport at Denison has been aided by keen rivalry in intramural competition.

The team was again coached by Erle Ellis who was high scorer in both meets with first in the fifty yard dash and second in the one hundred yard free style as well as anchor man on both relay teams. Gregory was another consistent scorer, winning the back stroke in both meets and swimming on the relay teams. Both of these men hold the school record for their respective events.

Lovett and Hughes swam in the breast stroke events, Lovett placing second in both meets. The 220 yard free style event gave Dibble and Marlow an opportunity to prove their worth, both showing up well toward the end of the season. Haynes, Groesbeck and White completed the lineup of the team.

An especially promising Freshman squad practiced with the varsity all year and developed several candidates for next year's team. Randel showed up well in the crawl events along with Sargent, Fleischauer and Humlicek. Barker proved to be best at the breast stroke and holds the school record. Other members composing the yearling squad were: Smrcina, Watkins and Hall.

Top Row—Marlow, White, Gregory, Dibble.
Bottom row—Lovett, Haynes, Ellis, Groesbeck, Hughes.

"D" Association

The "D" Association initiated seventeen men last December, among them being President Shaw, one of the most distinguished men to wear a Denison "D". The group held its annual banquet at the Granville Inn in January, as well as an informal dinner earlier in the season. One function of the "D" Association is to take an active part in the welfare of first year men.

B. A. A. Handball Champions

By twice defeating the teams representing Miami in the final rounds of the B. A. A. handball tournament held at Delaware, Denison's faculty and championship intramural duos brought home two official Buckeye titles.

"Livy" and "Sid" encountered the stiffest competition of the meet when stacked against Helms and Staten of Ohio Wesleyan in their first match. The Bishop athletic department men led in the first game 18 to 12, but the Denison men staged a marvelous last-minute rally to win, 21 to 18. In the second contest Wesleyan reversed the tables and annexed a thrilling battle by a 21 to 12 count. Not to be outdone, however, the Big Red participants staged a brilliant comeback in the final fracas and came through in a well earned glory to win, 21 to 15.

With the same confidence of superiority that blazed the path to victory in the semi-final combat, "Livy" and "Sid" met the Miami team, composed of Rider and Van Voorhis, in the title match, winning by straight games, 21 to 15 and 21 to 12.

Wiatt and Farber experienced little difficulty in defeating the holders of the intramural crowns in their first two rounds of play. Wittenberg's team fell before the onslaught of the Big Red aggregation in straight losses, 5-21, 5-21. Wesleyan stood next in line and Denison disposed of them, 21 to 5 and 21 to 12.

The final match with Miami was more interesting. "Eddie" and "Farb" were victorious in two hotly contested battles, 21 to 19 and 21 to 15.

STUDENT TEAM
Wiatt, Farber

Owen Phillips

The Cheer Leaders

Erle Ellis

Denison's foremost producer of pep, Owen Phillips, is in his second year as varsity cheer leader. "Shrimp" was given a letter last year in proof of his cheer-leading merits and he is even better this fall. His inimitable way in leading the rooting section in "Let's go with a big skyrocket" has made him unforgettable to those who see him out front doing his stuff. As head cheer leader he's always on the job, arranging for pep meetings, figuring out new yells, announcing scores, and leading "To Denison." "Shrimp" is a junior and has gained considerable notice from other schools where he has followed the team and distinguished himself as cheer leader.

The bright red sweater and broad smile of Erle Ellis have made bright spots in many an afternoon of otherwise dead football. Erle was the only member of the cheer-leading staff at the Cincinnati game and he did his best to pep up the handful of rooters to give some real cheers when the boys needed them. He was here last year, cooperating with Phillips and Stratton as the tall center man of three, leading cheers together in fine rhythm.

Intramurals

A new basis for intramural competition has been inaugurated in Denison this year by Walter J. Livingston, director of athletics. Formerly, each fraternity winning a championship in either a major or a minor sport was presented with a loving cup or a plaque for gaining each title. This year, in addition, a handsome trophy will be awarded the group possessing the greatest number of points at the close of the second semester.

In the point system, speed ball, basketball, volley ball, playground ball, and indoor and outdoor track are considered as major events. In the basketball division, however, there is also a minor league. The minor list of sports comprises hand ball, wrestling, swimming, foul shooting, cross country, strength tests for Freshmen, and efficiency tests.

For entering a team in any of the major sports, a group receives fifty points automatically, except in the case of indoor and outdoor track when a different plan is used. The fraternities are divided into two separate leagues and the two winning first and second places in both divisions are given ten and six credits respectively. Then the first place teams battle for the university championship, the victor receiving ten, and the loser, six points.

The plan used in track functions differently. The entrance requirement is that each group must have a man, or men, competing in at least half of the events. Each fraternity complying with this specification acquires fifty points. The club finishing first then attains twenty points; second, fifteen; third, ten; fourth, five; and fifth, one. In the minor league basketball competition the scoring is practically identical with the major, and differs only in the respect that the point awarding is just half as great.

Each entry in the minor sports of hand ball, wrestling, swimming, and foul shooting is immediately granted twenty-five points. The winner of a meet receives five points; second place two, and a half; and third place, one. In the cross country run, three men must finish before any group is given twenty-five points for entering. Points for the winners of the first five positions at the end of the race run: Ten, seven and a half, five, two and a half, and one. In the strength and efficiency tests, individual high point men are rewarded. The most proficient man gains ten tallies and nine other places are scored correspondingly.

Points are also awarded those men who are engaged in varsity major athletics and Freshman football. They are thereby barred from intramural competition. After all of the so termed "cuts" are made, those surviving are given ten points.

This is the system of intramurals in vogue in many of the colleges throughout the country. Undoubtedly it is creating more interest in intramural sports than has been seen in Denison for some time. It is heralded as being the most efficient method of placing interfraternity athletics on a fair foundation.

Women's Athletics

Doane Gymnasium

The Women's

Coaching Staff

MISS BARR

Under the able supervision of Miss Barr, Miss Badenoch and Miss Boland, Doane Gymnasium has become one of the activity centers on the Shepardson campus.

Miss Barr, who has been head of the Women's Athletic Department at Denison for four years, has made her department one of the most progressive and up-to-date of its kind, through her enthusiasm and her ability to endow other people with that same spirit.

An ever ready wit and a keen sense of humor are conspicuous characteristics of Miss Barr, and though she appears all business and energy to the casual observer, she is known to be a true and helpful friend to those with whom she comes in contact.

Miss Badenoch's artistic ability is a byword of the campus, and her genius for directing and creating are evident in the dance recitals given every year by her dancing classes.

Miss Badenoch's activities are not confined entirely to the gymnasium, for it was through her efforts that the Inauguration Festival was the artistic triumph and success that it was.

Whenever we think of Miss Boland, we are reminded of her cheery smile, and her faithful little dogs, "Fuzzer" and "Beau," always tagging along at her heels, or waiting at the gym door for her.

Miss Boland is credited with introducing classes in clogging and tumbling to the Denison girls and under her guidance, many girls have learned the difference between the Breast Stroke and the Australian Crawl. Miss Boland is a popular person on the campus and makes the third of the three "B's", as they are affectionately known on the campus.

Miss Badenoch

Miss Boland

HELEN HART
W. A. A. Pres. 1927-'28

The Women's Athletic Association

The Women's Athletic Association enjoyed a highly successful season as the result of a competent governing board which enthusiastically conducted the athletic and administrative activities of the organization.

Rapid progress has been made on a permanent athletic field for women, directly north of the up-hill dormitories, through the generosity of Colonel Deeds.

Contact with the athletic departments of other schools was established by the attendance of five Shepardson women as Denison's representatives at the National Conference of American College Women held at Cornell university, Ithaca, N. Y., on November fifth.

Under the guidance of Margaret Rhodehamel, the parties and banquets of the association have become the most popular social affairs on the campus. As soon as the Freshman girls arrive, the activities of the Women's Athletic Association are explained to them at a picnic, and later the girls are guests of the association at a Hallowe'en party. The Christmas party this year was unique with decorations and a dinner given in the old English style. In the spring of each year a "walk-out" is held at Rose quarry. Banquets are held at the end of each of the sports seasons and this fall the Athletic Board of Ohio State University were guests of honor.

The Association, with the co-operation of the university clinic and Women's Physical Education Department, conducted a health campaign extending over a period of four months. Points were given for improvement in health habits and nutrition.

KATHERINE DARROW
W. A. A. Pres. 1928-'29

The Women's Athletic Board

President	Helen Hart
Vice President	Pauline Bridge
Secretary	Carol Joy King
Treasurer	Helen Hodell
Custodian	Judith Jones
Head of Archery	Mildred Burns
Head of Baseball	Margaret Williams
Head of Basketball	Marie Maunus
Head of Golf	Florence Stewart
Head of Hiking	Marion Reed
Head of Hockey	Virginia S. Wilson
Head of Swimming	Louise Herler
Head of Tennis	Helen Perkinson
Head of Track	Dorothy Perry
Head of Dancing	Katherine Darrow

The Athletic Association bases its awards on the point system. Points are earned by participation in athletics as follows:

- 100 points—Membership and class numerals.
- 400 points—Monogrammed barpin.
- 600 points—Black jersey for sports wear.
- 1000 points—Red "D" on a white blazer.

Dancing

The members of the interpretive dancing classes and "Orchesis," honorary dancing club, were presented by Miss Badenoch in two recitals this year. The numbers offered on the programs consisted of clever interpretations of "Mother Goose Rhymes", scarf dances, balloon dances, and frieze work. There were also a number of lovely solo dances.

The costuming was original, being designed and made by the girls. All scenery and decorations were designed and made by the dancing classes and members of "Orchesis". Some of the scenery was very elaborate and beautiful lighting effects were secured.

"Orchesis," the dancing organization, chooses its members according to ability. A number of try-outs were held for those wishing to become members. A knowledge of the fundamentals of interpretive dancing is the requirement.

A large audience was always present at these recitals and was agreeably surprised with the talent displayed and developed.

Hannay, Stout, Herler, Amos.

Archery

The seasonal sports of the Women's Athletic Association are divided into the fall, winter and spring groups, and teams are selected for participation in interclass meets and tournaments for the various groups. According to the ruling of the National Athletic Association, all women's athletics are intramural.

The archery scores of the fall season surpassed previous records. The Seniors won the championship. Teams of five contestants each used two ranges of thirty to forty yards, shooting twenty-four arrows.

Hockey

The hockey interclass championship was won by the Sophomores in a close game played at Ohio State University the morning of the State-Denison football game. The teams of both schools were divided into color teams in accordance with the national ruling governing intercollegiate athletics for women.

Darrow, Carspecken, Hodell, Wilson, Heston, Bigelow, Maunus, Latta, Perry.

Munger, Stewart, Perkins, Rohrer.

Golf

A large group of women under the direction of the Physical Education Department played off the golf tournament on the Granville Inn course. Finals between the two lower classes resulted in a victory for the Sophomores, who won three out of four matches. Contestants were ranked according to position, each entrant playing the corresponding player on the opposing team.

Tennis

The spring interclass tennis tournaments were won by the Sophomores. Teams of five players each were entered by the four classes in both the singles and doubles. Margaret Carspecken, '28, varsity champion for two years, was the outstanding player again this season.

Perkinson, Wilson, Carspecken, Blanke, Reed.

Maunus, Williams, Darrow, Hodell, Ebaugh, Perry.

Basketball

The interclass basketball teams showed strong defensive and unusually smooth offensive tactics. A team composed of town women won the inter-dormitory tournament held early in the season. The Sophomores were victors in the class tournament, winning the championship with little difficulty. The Blue team won the Yale-Harvard classic by a 10-7 score. The game was marked by strong defensive play on the part of both teams.

Swimming

Several informal swimming meets were held during the season. In winning the interclass meet the Freshmen broke the Denison records for the breast stroke, free style, and back stroke races. Nine women passed the American Red Cross life saving examinations.

Blanke, W. Jones, Rohrer, M. Bigelow, M. Bigelow.

Perry, Exman, Ebaugh, Wilson, Darrow.

Baseball

The baseball games were the most evenly contested encounters during the season. In the finals, the Freshmen took over the Sophomores in an exciting game which was featured by close fielding and few errors.

Track

Two track meets were held during the season. In the finals, the Freshmen easily won the tournament. Dorothy Perry, '30, took individual honors with Dorothy Darrow, '27, runner-up. New records for the standing and running broad jumps, the fifty yard dash, and the javelin throw were established.

Rhodehamel, Deeds, Brabrook, Herkner, Heston, Smith, Longwell, Gillespie.

A member of the Miami Triad, Sigma Chi was founded at Oxford, Ohio, in 1855. It was the first fraternity to invade the Denison campus in 1869, and its members have never gotten over the fact.

The Sigs are athletically inclined. Of course, you may not see their athletes in action unless you happen to glance in on your return from a game, but they insist on a broad application of the term "athletics".

They have been active in Dramatics this year and members have been prominent in Journalism, Class Activities, and the Honoraries.

Since Beta Theta Pi was founded at Miami University in 1839, there has been nothing else but Beta—ask the man who is one.

When the chapter was known as the Eta Eta Boxing Club, it acquired a reputation for athletics which it has never been able to live down. In 1869 Beta Theta Pi installed Alpha Eta chapter, and now they have a house which jack built on Fraternity Row overlooking the stadium. On the outside of their home is a life-sized Wooglin and three illuminated stars to guide them home.

The Betas boast of several letter men, a class president or two and members in several honoraries—particularly Glee Club.

Phi Gamma Delta was established at Denison in 1885 and has been here ever since. With the arrival of spring, the Fijis repainted their "For Sale" sign, for the house is still in good condition and will not burn for several years yet.

Anyone hearing Cap Stubb's Swiss yodel can well believe that the Phi Gams do not waste words on or off the campus. As justification of this policy, they proudly display an autographed portrait of Calvin Coolidge who is a Phi Gam as well as President of the United States.

Following the example of their statesman, the Fijis engage in hobby horse riding. They have a unique intramural system all their own. Detailed reports of each date are made and points awarded accordingly. So far, several Shepardson women have earned pins. Members have also been active in Football, Journalism, and Departmentals — including Cheerleading and Drum Majoring.

Kappa Sigma claims to have been founded in 1400 at the University of Bologna, and the claim seems to fit in with the general consensus of opinion. It was revived at the University of Virginia in 1869, and has developed rapidly.

One beautiful Christmas eve in 1910, the local Beta Alpha Delta became Kappa Sigma, while the crescent and the star shone down on the architectural ruin now in Shepardson Court. However, with the judicious use of wall paper, the house is expected to withstand the inclement blasts until a new home is constructed on Fraternity Row.

It is planned to install a full length mirror for rehearsals so that the other half of the chapter can make Masquers. Besides participating in all campus activities, they have maintained an excellent record for scholarship. Gamma Xi has her share of lettermen, possessing a football captain who holds the B. A. A. shot put record. When speaking of the wearers of the scarlet, white and green, never refer to them as "men of that ilk" lest they overhear and misconstrue it for Elk.

Phi Delta Theta was founded at Miami University in 1848. In 1915 Alpha Nu Sigma became Ohio Iota chapter and the "Bond of Phi Delta Theta" was installed as a menace on the hilltop with a picture of Sir Galihad adorning the chapter room walls. Since then the chapter has held up the college for finances to sink in a brick pile on Fraternity Row where they were pioneers in building. Sir Galihad has retained his purity.

Phi Delta Theta has been active on the gridiron and track, particularly the 1001 yard dash to Beaver and Sawyer. They also have taken an active part in Class Affairs, Honoraries and Geology Club trips.

Boston has produced some noted articles, including baked beans, household terriers and Lambda Chi Alpha, which was founded in 1909 at the University of Boston.

Following the best tradition of that New England city, the Lambda Chis took the right fork and installed themselves in a suburban home on the Alexandria pike—the back road to Newark. Thus the Sycamore Club came to be Gamma Iota Zeta with purple, green and gold flashing into prominence.

Lambda Chi Alpha boasts a athlete, but he holds the school record in the pole vault. They should be given credit, however, for the clever work their journalists have done in disguising the truth in our publications. They also have been prominent in debate.

Although Sigma Alpha Epsilon was founded way down south at the University of Alabama in 1856, it did not discover Omega Pi Epsilon until 1919, when that local became Ohio Mu, or the Sleep and Eat club.

One of the members has taken to column writing, since it has been discovered that only in this way can an idea be expanded, developed and otherwise crystallized which never existed. Other members have taken an active part in Class Affairs, Honoraries and the evening line-up in front of the Hut.

Despite the fact that they feel obliged to maintain their reputation for southern hospitality, with the President of the Student Government in their midst, they have deemed it advisable to move the apparatus in the cellar back to the Sig house.

In 1915 a few hardy and venturesome pioneers and golf hunters wandered down Granger street and took up a homestead. Some concern was felt over the loss of Air, but the chapter feels buoyant enough at present to petition for a national charter.

Alpha Theta Sigma numbers among its members some of the great lovers of the campus. Its other activities are Departmentals, Journalism and long distance track and telephoning.

The chapter has accomplished much in the four years of its existence and has won an accepted place on the campus and in the class room.

Pi Kappa Epsilon is the latest addition to the Pan-Hellenic family, arriving last year. Being extremely youthful, it has been affected with the malady so peculiar to infants, namely, motivity, having moved from one architectural blunder to another. However, the present location has its advantages, being close to the Library, classrooms and the cemetery.

The Pi Kappas have done exceptionally well and deserve commendation for the organization which they have developed. Theirs is the true spirit of fraternity co-operation which will build up a strong group. We wish them the best of luck in their Athletics, Honoraries and Departmental activities.

IRWIN H. NEFF, Jr.
Founder and First President

Unaffiliated Men's Organization

The Unaffiliated Men's Organization is the culmination of a longfelt need for some means to provide for the participation in campus activities by men who are independent of any social group. As there has always been and probably will always be unaffiliated men, it was fitting that such an organization be founded by the men themselves.

Largely through the efforts of Irwin H. Neff '29, the men met and organized on January 10, 1928, in a house owned by the University, formerly called Darrow cottage, located at Mulberry and College streets. Of the 414 men in school, 62, or about fifteen percent of them, are unaffiliated with any other social group. There is no "membership" in the organization; all unaffiliated men are automatically considered members, and thus far the plan has worked well, for practically every eligible man is participating in its affairs. Since the new group seeks, basically, to promote the welfare of Denison, good will has been encountered on every side, and a fuller co-operation with the entire student government has been accomplished, resulting in a one hundred percent representation in student affairs.

Unaffiliated Men's Organization is active in many extra-curricular fields. Parties, smokers, and other social functions are given in the house and men may entertain guests there. They are well represented in athletics, both in individual play and in intramural teams in the various leagues. They have representatives in practically all the student bodies, such as Booster's club and student board of elections.

Members of the executive committee are: Edward Fields, President; Charles Fuchs, Vice-president; Joe Howland, Secretary; John Posegate, Treasurer; and Walter Massie, Committeeman.

Disclaiming any connection whatsoever with the national organization bearing the same name, Kappa Phi was established at Denison in 1898. Home-loving girls these!

Cerise and blue are the colors—baby shades in case you are lacking in color terminology. And they have a baby cup. Every Kappa tot is registered lest they be overlooked in the mad scramble for Chicago queens.

The Kappa activities are many. There are the week-end activities, the Y. W. C. A., and the W. A. A., in which they excel in tennis and in track, running neck and neck with the best of them. Extensive preparations are being made for the spring drive. The method used in winning jewelry and excess calories would not be divulged, however, due to the keen competition expected from the Chi Psis this year.

Among the numerous other activities on the Kappa roster are Phi Beta Kappa, Dramatics, a couple of gold diggers and a porch swing in the back yard.

Chi Psi Delta was founded right here at Denison, making it a local affair. The year 1900 was chosen because the girls wanted nothing odd about their band of sorors.

Their colors are maroon and lemon, the former being in evidence in varying shades on the cheeks of the sisterhood and the lemon—well! The thing they speak of last and talk about least is the scholarship ranking, which is at rock bottom. Therefore they wish to be known as THE social group at Denison. They believe that whole-hearted co-operation beats any other form of acquiescence, and they are the main reason for the hourly congestion in front of Doane.

Their activities include several Honoraries, Dramatics, W. A. A., and scheming dates. Give these little girls a hand.

Sigma Delta Phi was founded in 1905, and in keeping with the Denison custom of taking one step at a time, established itself in a house at the top of a formidable flight of steps where they might always maintain the wim, wiggor and witality necessary to make eight o'clocks.

Another advantage of the location was the distance from the town authorities, allowing their musicians to practice unmolested. They also give promise of becoming expert horticulturalists, guarding the shrubbery, etc., with great care after dark lest someone remove it.

Among the more prominent activities, Sigma Deltas have been caught in Class Affairs, Honoraries, Glee Club and on Sunset Hill.

Phi Phi Phi, boasting a triple threat, was founded at Denison in 1921. They established themselves in a home on College street, but have been greatly handicapped by lack of space for a porch swing, by the neighboring professors and the conscientiousness of their members.

Recently a fund was started to be given the sister who could devise the best substitute for porch space. This offer, combined with the natural struggle against environment, has made them very ingenious, and may account for the preference of the cemetery as a rendezvous, although they always claim to be searching for their flower, the violet.

Tri Phis have been found in Class Activities, Honoraries, Journalism and the Dean's office.

Alpha Tau Delta established itself last year in an architectural sin on the outskirts of town but close to the Dormitories, Rose Quarry and other points of interest.

Confidentially, some of the members have not gotten over the shock experienced when they were granted a charter and the permission to wear pins openly on the campus. However, the Alpha Deltas have successfully put across their faculty tea, new men's reception and have won an accepted place on the campus, helping to account for the gathering in front of Swasey on Mondays, Wednesdays and Fridays.

They list among their activities Class Affairs, Departmentals, Glee Club and a couple of college widows.

Theta Gamma Alpha was established last year by a group of girls who desired to express their aesthetic sense of beauty in decorations, hence the chapter colors, wine and silver.

During their brief existence on the campus, the Theta Gammas have become known as philanthropic workers, being very successful in religious work and in securing blind dates for their members. Other activities have been included, the policy of the group being to obtain a well balanced activity list rather than specialization in any one department. Musical, Dramatic and Literary societies are other activities of their members. We congratulate them on their splendid beginning and hope that they will continue to be as successful in the future.

Shepardson Club

Founded at Denison University, 1919

Crossed Keys was organized in May, 1926, in preparation for the activity-ridden Junior year. The main purpose of the organization is to foster and promote class spirit by attendance at all class meetings, by participation in class affairs, and by showing an active interest in all activities of the class. It further purposes to encourage a democratic, friendly feeling between the groups on the campus.

The organization worked in secret until it was formally announced at a dinner party at the Buxton Inn, January 21, 1927.

Through Miss MacNeill's advice and encouragement, the organization has been able to progress considerably in the first two years of its existence.

Mabel Greiner	Frances Weaver
Andrew Halco	Charlotte Weeks
Freda Wiebe	

The George Platt Knox Club sponsors an interest in the religious education department of the university. The club takes its name from George Platt Knox, organizer and first head of the department of Christian Education at Denison.

The aims of the organization are:

To stimulate a deeper interest in Christian work on the campus.

To broaden and enrich our contacts in the field of Christian education.

To give inspiration and ideals which may be carried away from college halls.

Ever to seek to interest others in this line of work.

The meetings of the society are held semi-weekly at which time books are reviewed, lectures are given and topics of interest are discussed. Whenever possible, outside speakers are procured.

Franco-Calliopean

Ruth Sarles	Edward Wiatt

Donald VanValen

The Franco-Calliopean Society has always had for its purpose the discussion and study of modern literature. Outstanding novels, dramas, poetry, and short stories are reviewed in the meetings.

The society also encourages original compositions and a new impetus towards study writing has been the "Denison Collegian", re-established by the society last spring. Any contributions of good literary value are welcomed whether the students are members of the society or not.

The literary club is the revival of the two original literary societies which existed on the campus years ago. The new organization was brought into existence largely through the efforts of Miss Annie MacNeill and the late Professor C. Henry Dickerman.

The Denison Mathematics Club is the oldest departmental on the campus, and owes its existence to Professor Forbes B. Wiley, who was its founder. Its purpose is to bring together students and faculty so that mathematical problems and allied topics of interest can be discussed which lack of time in the class room prohibits. Meetings are held semi-weekly. During the past year many of the meetings were open and all students interested in mathematics were invited to attend. Outside speakers, members of the faculty and students lead the meetings.

Professor H. K. Kuhn of Ohio State University was the main speaker at the annual spring banquet. Professor McDuffee, also of Ohio State, addressed one of the open meetings last fall. Several other interesting speakers have appeared before the club.

The policy of the club is to extend invitations of membership to a large number of the outstanding mathematic students. The club expects to petition a national mathematical fraternity next fall.

Chemical Society

Maurice Albaugh	President
Hilda Smith	Vice-President
Irene Arnold	Secretary-Treasurer

FACULTY MEMBERS

Dr. William Clarence Ebaugh	Professor W. Alfred Everhart

	Franklin Anderson	

The Denison Chemical Society, which has enjoyed an unbroken existence since 1909, is an honorary organization to whose membership students who have completed one year's work in the Department of Chemistry with a satisfactory grade are invited. The programs are planned to give a broader view to the field of Chemistry, and its application to industry, the other sciences and to every day life.

Biological Society

Uel E. Dibble.....President
 Bertha Adams.....Vice-President
 Alice Fulmer.....Secretary and Treasurer

FACULTY MEMBERS

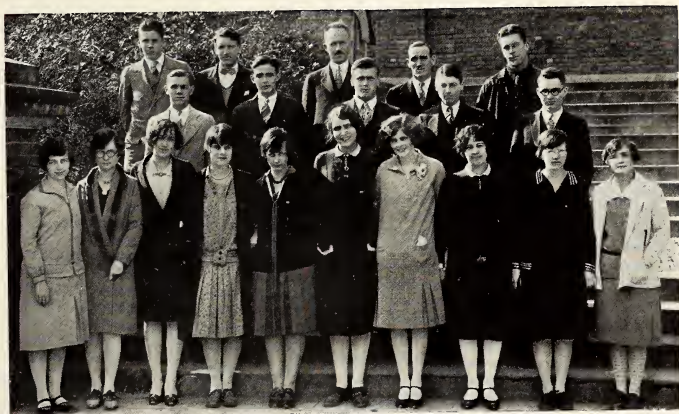

Dr. A. W. Lindsey Professor Malcolm Stickney

 Edith Page

Stanley Levering
 Joseph Howland
 Edwin Stolattis
 Clyde Barber
 Ronald Adams
 Harold Giffen
 Carl Handel

The meetings of the Biological Society are held in the class rooms of the zoology department on the scheduled dates for departmentals. Such topics are discussed as will be of help to the students majoring in the Biological sciences. Talks are given by different professors on the hill, and as often as can be arranged, men higher up in the fields of science are brought to our campus to give their views of the natural sciences. Members of this society are chosen from those taking either a major or a minor in the Biology Department.

Denison Engineering Society

OFFICERS

Wayne Smith

The Denison Engineering Society, founded in 1904, was organized for the purpose of conducting a more intensive study in the different phases of modern engineering than is afforded by the curriculum. Membership is honorary and includes only upperclassmen. Members present an annual paper on some phase of engineering.

The C. L. Herrick Geological Society

The C. L. Herrick Geological Society was founded October 21, 1907. The object of the organization is to foster a spirit of investigation and promote a better acquaintance of students interested in geology. The group is an honorary one, electing its members and having a limited enrollment.

FLORENCE HALL

President

El Circulo Castellano

Professor Vittorio Emanuele Moncada, Faculty Adviser

Florence Hall	Presidente
Leroy Bevan	Vice-Presidente
George Howard	Secretario
Mark Winchester	Tesorero

Under the guidance and inspiration of Professor Vittorio Emanuele Moncada, the Spanish Club has taken on renewed activity. Following the successful presentation of several Spanish plays including "La Muela del Juicio" and "Rosina es Frágil," the society published a magazine.

"El Cenxontle," whose title means "The Mocking Bird," appeared late last fall and created a marked interest on the campus. It contained contributions by members of the Spanish Club in the language as well as several articles by Professor Moncada. The publication was sponsored by Professor Moncada and the members of the staff were: Florence Hall, Editor-in-Chief, and Mark Winchester, Business Manager.

The club fosters an interest in the language and at the same time gives a better idea of Spanish customs, literature and something of the country's history. At the regular semi-weekly meetings, all conversation is carried on in Spanish. Election to the group is based on scholastic standings and is by invitation from the group.

The Granville Student Council

Donald Lindrooth.....	President
Frank C. Filkins.....	Secretary
George Howard, Jr.....	Treasurer
Orville L. Beardsley.....	Senior President
David Isaacs.....	Senior Representative
George Adams.....	Sophomore President
Clarence Sweetland.....	Freshman President
Garland Hick.....	Editor, Denisonian
Raymond Spoerri.....	Y. M. C. A. President
Erle Ellis.....	Junior Representative

The Granville Student Council has, during the past administration, made considerable revision in the honor code. The organization has become a member of the National Students' Federation of America, another achievement. The council has been active in introducing, under the direction of President Shaw, the new chapel arrangement. Other minor duties have been taken care of as they arose.

Donald Lindrooth, David Isaac, Frank Filkins, Garland Hick, Orville Beardsley.
George Howard, George Adams, Erle Ellis, Clifford Colwill, Raymond Spoerri, Paul Clissold.

The Young Men's Christian Association is one of the foremost organizations in the University, doing a wonderful work in establishing a personal religious contact with men students, and at the same time carrying on more activities than any other single organization.

Its best known work is probably that of bringing several noted speakers to Denison. In the past year, it has engaged such men as "Dad" Elliott, Edward H. Rhoades, Jr., Sherwood Eddy, Grove Patterson, Stitt Wilson, and Charles E. Morriss, and in collaboration with the Y. W. C. A., and the Administration, brought Harry N. Clarke, the vocational guidance expert to spend three days in working out vocational problems here.

In the field of publications it sends a copy of the "Y" Handbook to every freshman before he comes to school and publishes a Student-Faculty Directory in the early fall. The "Y" also furnishes magazines for the reading room in Cleveland Hall and handles all publicity for Vesper Services.

In co-operation with the Administration and the Y. W. C. A., it conducted the Week of Prayer in which the Rev. Harold C. Phillips, D. U. '19, was the speaker.

It sent a delegation of nine students to the Lake Geneva Student Conference, co-operated with other Christian organizations on the campus in sending delegates to the Detroit Student Volunteer School, was represented on the State, Regional, and National Conferences of the Y. M. C. A., and entertained the 1927 Spring Training Conferences of Ohio Y. M. C. A.'s and Y. W. C. A.'s.

Above all, its regular Sunday evening meetings have been of untold value to the many students who attend them and have served to retain the high standards of religious training so characteristic of Denison.

The Young Women's Christian Association has as its purpose "To promote the Christian spirit on the campus, to realize a fuller and richer life, and to be a source of inspiration for higher living on the campus."

Its activities are similar and sometimes identical with those of the Y. M. C. A. At the beginning of the school year the Association conducted a three-day finance campaign and raised the necessary twelve hundred dollars for its work for the year, collecting it through sixty workers.

One of its most important functions was the social service performed in hospitals, the county home, the orphanage, kindergartens, and in other schools. In Denison it has carried on, through the Personnel Council, work among the Freshman girls, getting acquainted with them, giving teas and get-togethers in the earlier part of the year, and in Granville High School it has supervised the Girl Reserve Unit.

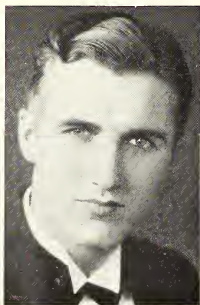

The Y. W. C. A. has collaborated with Y. M. C. A. in many projects, such as the publication of the "D" Handbook, the Student-Faculty Directory, and in the future will issue the advertising blotters. The two organizations worked together in arranging programs for Student Nights at the Baptist Church and also in putting on the Week of Prayer and the Vocational Guidance Week.

Men's Glee Club

The Men's Glee Club, although they sang only one concert at Huntington, West Virginia, in the fall, more than made up for the brevity of their Thanksgiving tour on their spring trip when the squad gave a series of fifteen concerts at Toledo, Indiana Harbor, Morgan Park, Austin, Chicago, Oak Park, River Forest, and Fort Wayne, singing a final program at Granville upon their return. Under the direction of Allan Schirmer and the management of Tom Folsom, with the assistance of the varsity quartet, Joe Howland and his accordion, Paul Kuhn and his violin, and Louis Mears' musical saw, the club made a genuine success of the spring journey, winning commendation from every point on the trip.

The club also appeared at Granville in a joint concert with the Shepardson Club on the evening before Mother's Day.

The men who made the spring trip were: Kuhn, White, Howland, Livingston, Folsom, Shanley, Marr, Crall, Odebrecht, Lovett, Edgar, Stolattis, Dolan, Bartlett, Seidner, Bevan, Alexander, Grimm, Grube, Pollock, Baldwin, Atkinson, Thuma, Huff, Mirise, Pfundstein, Montgomery, Slack, Hollingworth, Crocker, Giffin, Mears, Clissold, Schirmer, Isaac, Shumaker, Lapham.

College students are often accused of becoming national in spirit, if not actually provincial. The Denison Cosmopolitan Club goes a long way to make that accusation false among students on the Hill. In fostering an international outlook, the club has taken for its motto, "Above all nations is Humanity."

The Denison chapter is a member of the national organization of the same name. Meetings are made unusually interesting by the first hand information of Denison's cosmopolitan students.

The Denison Orchestra

The Denison Orchestra, an organization of 40 pieces, under the leadership of Professor Karl H. Eschman, has been able to render such music as Beethoven's Fifth Symphony, Orpheus in the Underworld, and numerous other compositions of as high a character. The ensemble of musicians practices every Tuesday night, and is made up almost entirely of students, although a few townspeople and members of the faculty participate with the orchestra. Two complete concerts are given each year, and the accompaniment for the annual presentation of Handel's Messiah, and the performance of diversified operas every spring by the college is well handled by the orchestra. The past year the orchestra, competently directed by Mr. Eschman, gave an interpretation of the Il Trovatore musical drama.

Granville College Debate Teams

The Granville College debate teams closed one of the most successful seasons that has been known in the history of the organization.

The season was opened early in the fall with a dual non-decision debate with Ohio Wesleyan on the football question. A second dual debate with Wesleyan was held over the Marshall Bill, also without a decision. In a dual meet with Cincinnati on the question of protection of private investments in foreign countries, Denison won a double victory. Denison was again victorious in a dual meet with Miami on the same question. Denison next won a victory over the Oregon university team, which was making a world tour, on the subject of "Democracy a Failure." The only debates which were lost by the local speakers were in a dual meet with Ohio Wesleyan over the "Protection of Private Investments Abroad." The season was closed with two non-decision dual debates, one with Muskingum and the other with Heidelberg on the "Primary" question.

Men representing Denison were: George Heaton, Earle Seidner, George Howard, Mark Winchester, Lee Beardshear, Robert Buchanan, William Cole, Clyde Shumaker, Genus Bartlett, Robert Kelly, Richard Brandt, Clark Morrow, John Case, Kirk Windle, and Almore Teschke.

Shepardson College Debate Teams

Although the Shepardson College Debate teams were unfortunate in their contests of the season, they showed much talent and training in forensic lines. The season was short, consisting of two dual debates on the "Recognition of Russia." Denison won one debate from Ohio Wesleyan while Miami was successful in gaining both decisions.

The members of the girl's debate squad participating in the inter-collegiate meets were: Helen Brabrook, Ruth Sarles, Louise Martin, Helen Perkinson, Helen Hodel, Thelma Truby, Mary Pigman, and Louise Rees.

The Freshman Girl's debate team, coached by Ruth Sarles of the varsity squad, won one debate and lost the other in a dual meet with Ohio Wesleyan.

Two new systems were introduced into the debating circles here this year—the audience decision based upon the shift of opinion, and the new Oregon system of debate.

Masquers, college dramatic society, sponsors three major plays during each college year, one in the fall, one in early spring and one Commencement week.

Until this year, membership in the society was determined by tryout, but a new policy whereby only upperclassmen can belong, has been inaugurated. Any college student may take part in a play but election to membership in the organization can come only to upperclassmen who have appeared in at least one production.

Review of Plays

"Square Crooks," offered as the club's fall play was well received. Lee Beardshear in the role of Eddie Ellison was at his best and gave rollicking ease to his lines. Margaret Besanceney, playing her initial appearance before a Granville audience, scored heavily as the wife of Ellison.

Helen Perkinson showed talent in Irish brogue, in the landlady's part. Emily Spencer, as the soft-voiced friend of Eddie's wife, formed a marked contrast to the bitingly sarcastic lead.

Joseph Nellis got into the character of the malevolent detective in great fashion. Maurine Kemper, behind a mulatto make-up did the Negro dialect perfectly, as the maid, "Sorrow." Richard Shanley, the big genial Irish cop, kept his brogue carefully.

Leroy Bevan was good as a desperate gunman. Marian Spencer in the role of owner of the pearls of great price, was outstanding, and Abram Flory and George Warren, as detective assistants, were well cast.

Dave James handled the stage work and Colonel Yearick of Newark directed the production.

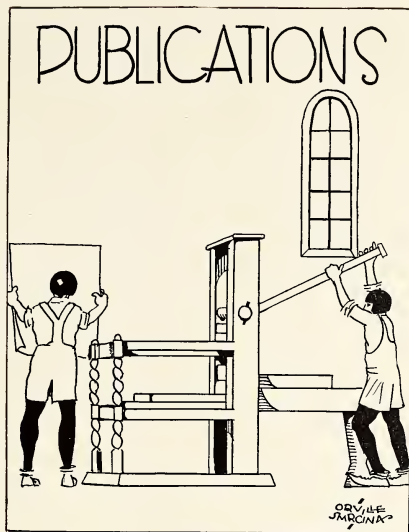

Sympathetic interpretation of the leading roles, by Helen Williams and Lee Beardshear, marked the presentation of "Smiling Through," March 23 and 24. Colonel Yearick of Newark directed.

The play was first presented at the Broadhurst Theatre, New York, with Jane Cowl in the leading role.

To Helen Williams for her gayety and tenderness as Kathleen Dungannon and as Moonyeen Clare; and to Lee Beardshear for his obstinacy and quick temper in the part of John Carteret, much credit for the play's success is due.

Orville Beardsley as the old doctor gave a pleasing interpretation of his role. The double role of juvenile lead and villain, played by Garland Hick, was difficult, but well done. Margaret Besanceney gave an intelligent interpretation of the role of Mary Clare. Comic relief was offered by George Warren in the part of Willie Ainley. Pauline Robion made an excellent maid, while Eugenia Bibby distinguished herself as an excitable wedding guest.

Paper flowers of exquisite workmanship were designed by Frances Weaver. Musical setting of violin and harp was made possible by Jayne Weible and John Kuhn.

THE OFFICERS IN COMMAND

Captain Comstock came to Denison this year from Schofield Barracks, Hawaiian Islands, where he had been stationed for three years. Since his arrival, he has taken charge of the unit and continued in the position vacated by Captain R. E. McLain.

Lieutenant Brinson has been at Denison for three years. He was formerly stationed for three years in the Canal Zone in Panama. Since his arrival at Denison, Lieutenant Brinson has taken an active interest in the Rifle Club. Not only has he revived the indoor rifle team, but he has organized an outdoor team which has met with continued success in their matches with other R. O. T. C. units.

Sergeant Wallace came to Denison with the unit in 1919 and capably filled his position since that time. He has taken a decided interest in the rifle matches and helped to promote interest in the team at Denison.

John Gill has replaced Alphonse Cincione this year as band instructor. Mr. Gill is also in charge of the Ohio State, Ohio University and the American Legion Bands.

Denison was selected by the United States Government as one of the institutions for establishing, by Act of Congress, June 3, 1916, a department for the training of Reserve Officers of the Army. Officers of the regular Army are stationed at Denison and a course of four years in military science and tactics covers both theoretical and practical work. Attendance at Camp Knox, Louisville, Ky., for six weeks during the summer is required.

Captain J. H. Comstock

Lieutenant J. F. Brinson

John H. Gill, Band Instructor

Sergeant G. Wallace

Rifle Team

The Denison rifle team took second place in the Ohio Inter-collegiate Rifle Meet held at Harrisburg, Ohio, on Saturday, May 5, 1928. The scores of the teams were as follows:

Ohio State University.....	1347	University of Cincinnati.....	1261
Denison University.....	1310	University of Dayton.....	1217
University of Akron forfeited.			

The following men composed the Denison team:

Edward Fields	226	Peter Steinburger	221
Stephen Richards	225	Hugh Colman	218
Robert Lucas	224	John Posegate	196

Total 1310

These matches are annual affairs and a trophy cup, donated by the Reserve Officers Association of Akron, is awarded to the winning team. This year Ohio State turned the tables on Denison, forcing her to take second place.

On the indoor range, 36 matches were fired with R. O. T. C. units in different schools, Denison winning 17 of the matches.

Denison University

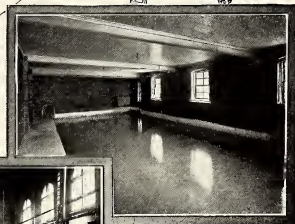

"The College on the Hill"

The very location of Denison among the Licking Hills has furnished the theme for the 1928 Adytum. Throughout this volume, an attempt has been made to present the feature of Denison which distinguishes it from other mid-western schools.

The arrival of the Granville settlers at Newark by canal is shown on the inside of the front cover. The opening sections show Denison as it is today, while inside the back cover is presented the vision of The Greater Denison on the Hill.

Denison is rich in the traditions which add color and dignity to any campus, having been founded in 1813 as a Baptist denominational school. At the present time, however, only half the students profess a preference for the Baptist church.

Denison is essentially a college of Liberal Arts. Here the "primary emphasis is placed on cultural courses preparatory to a Bachelor's degree. An attempt has been made to devise a Liberal Arts curriculum which will make it possible for students who discover or have discovered their natural bent, to select cultural courses having pre-professional and pre-technical values, which without loss of time or energy will fit into later preparation."

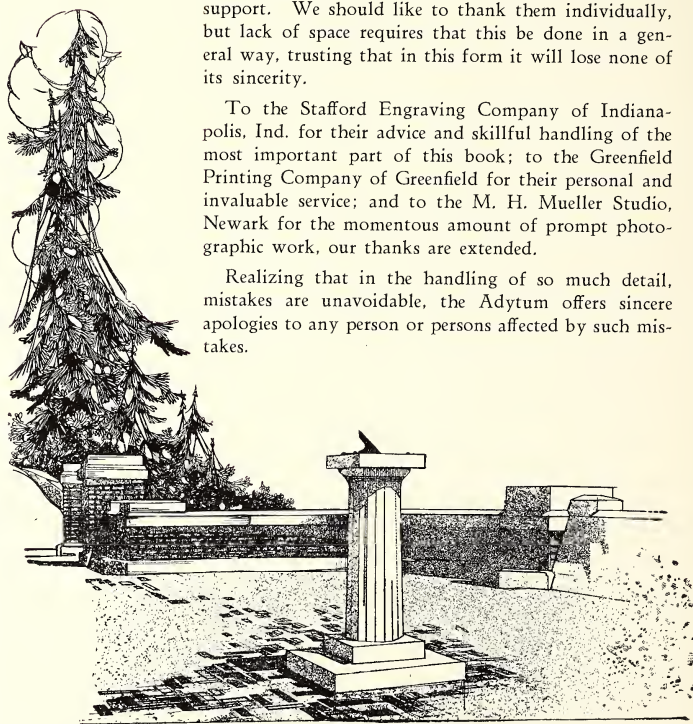

Acknowledgments

As the 1928 Adytum goes to press, the editor and business manager wish to express their sincere appreciation to those who have helped in producing this book.

Thanks are due the Class of '29 for the co-operation and assistance of its members and to members of the other classes on the editorial and business staffs for their support. We should like to thank them individually, but lack of space requires that this be done in a general way, trusting that in this form it will lose none of its sincerity.

To the Stafford Engraving Company of Indianapolis, Ind. for their advice and skillful handling of the most important part of this book; to the Greenfield Printing Company of Greenfield for their personal and invaluable service; and to the M. H. Mueller Studio, Newark for the momentous amount of prompt photographic work, our thanks are extended.

Realizing that in the handling of so much detail, mistakes are unavoidable, the Adytum offers sincere apologies to any person or persons affected by such mistakes.

"Only because during four years in Denison I've had my daily quart of Cocoa-Cola and score of Strikes at THE HUT have I been able to fill the Flamingo with time-worn he-and-she jokes, and still run the affairs of the Class of '28. I also heartily recommend THE HUT cuisine for golfers seeking to break 125."

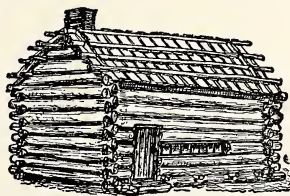

(Signed)

O. L. Beardsley.

Not only for such a parenthetical person as Beardsley has THE HUT been a boon in boosting scholastic, athletic, and other activities. Hoot Gibson, Isaacs, Elgin, Linkhorn, Henson, Kemper, Max Taylor, Bill Pickering, Filkins—all these prominent colleg's and more — endorse THE HUT'S palate-pleasing platform.

And the co-eds! The quarantine proved the popularity of HUT milk shakes, long suggested by Marian Spencer, Evelyn Pease, Kay Darby, Ruth Sarles, Connie Graves, Eleanor Owen, and Anne Wright—girls who know!

Most of these testifiers are graduating. Four years at Denison have taught them:

PRINTERS

To the Students of Denison:—

On your vacation, soon to start, may you have the happiest time possible.

To those of the Graduating Class of 1928 we say, with regret, "Good-bye." May your future be bright with happiness and success.

The Management has already made plans for the best in entertainment for the coming Season. We look back with pride to the many big productions, that have been shown at the Opera House during the last year—and because Granville and the Students at Denison have been so appreciative, we shall endeavor to make the Season of 1928-1929 even better than before.

When you return in the Fall, a warm and hearty welcome will await you from The Opera House.

Sincerely,
GEORGE M. FENBERG,
Mgr. The Granville Opera House.

A Food Full of Nutriment

Every nickel you spend for Furnas Ice Cream is an investment in health.

Made in a modern plant under official health regulations, Furnas ice cream is pure. It contains only rich milk and cream and the same wholesome ingredients you would use yourself.

The minerals and lime that build firm, white teeth and strong bones are in our ice cream.

The proteins that build muscle and tissue; the carbohydrates that furnish energy and vigor; the vitamins so essential to healthful growth and development—all are in our ice cream.

When boys and girls and grownups, too, buy our ice cream at the neighborhood store or are served it at home they are getting additional nourishment.

REMINISCENCE

*Memory brightens o'er the past,
As when the sun concealed
Behind some cloud that near us hangs,
Shines on a distant field.*

—LONGFELLOW

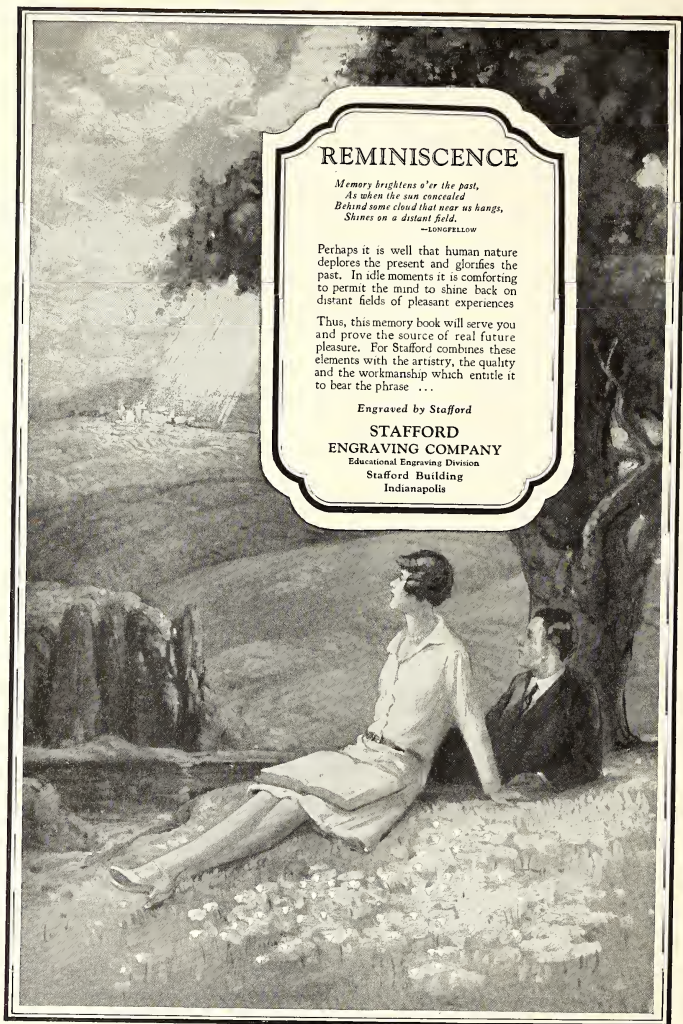

Perhaps it is well that human nature deplores the present and glorifies the past. In idle moments it is comforting to permit the mind to shine back on distant fields of pleasant experiences.

Thus, this memory book will serve you and prove the source of real future pleasure. For Stafford combines these elements with the artistry, the quality and the workmanship which entitle it to bear the phrase ...
